PRAIRIE FARMS BRING \$300,000

Winnipeg, Sept. 26.—Indicating an increasing demand for prairie lands by incoming settlers, the Canada Colonization Association, a subsidiary of the Department of Colonization and Development of the Canadian Pacific Railway, has just completed the sale of five farms aggregating 3,040 acres, the total price was approximately \$300,000.

Locations and prices follow: 480 acres at Oase, Sask., \$19,000; 800 acres

at Macaulay, Man., \$34,000; 320 acres at Macaulay, Man., \$15,000; 400 acres at Macaulay, Man., \$15,000; 400 acres at Macaulay, Man., \$15,000; 400 acres at Macaulay, Man., \$15,000.

TWO BLUE FUNNEL SHIPS COMING HERE

Ss. Proteus and Ss. Tathylus Will Be Here To-morrow; Tathylus Inbound

Two Blue Funnel liners will be in port here to-morrow, one inbound from the Far East and the other outbound. Ss. Proteus will arrive here about 10 a.m. from Vancouver to take on passengers and mail. This vessel has a capacity cargo loaded at Vancouver and Puget Sound ports. She will pick up several stowage passengers here before leaving about 3 o'clock in the afternoon. No definite advice has been received from Ss. Tathylus, the inbound Blue Funnel vessel. It is expected she will be here some time in the afternoon to discharge here proceeding later to Vancouver. The Tathylus is bringing a valuable shipment of silk from the Orient.

MARINE NOTES

The Nippon Yusen Kaisha liner Kaga Maru will sail from this port for the Orient Wednesday. She will arrive about 3:30 o'clock and sail at 5 o'clock. The Japanese freighter Yushu Maru clears from Victoria Saturday afternoon with a cargo of 5,000,000 feet of lumber for New York and Atlantic ports. She loaded 750,000 feet here. Ss. E. D. Kingsley was here late Saturday with 105 tons of California cargo.

Oak Bay Municipality

There will be a public hearing on the "Zoning By-law" on Friday, September 30, 1927, at 9 p.m. in the Council Chamber, Municipal Hall, Oak Bay Avenue. All persons who might be affected by the proposed by-law will be afforded an opportunity to be heard on the matters covered therein before the Municipal Council.

VESSEL CHOSEN TO REPLACE SOL DUC

Ss. Iroquois Will Probably Go on Victoria-Seattle Run, Reports Say

Ss. Iroquois, formerly operated on this coast, will replace the Ss. Sol Duc on the Victoria-Seattle service operated by the Puget Sound Navigation Company, according to reports received here.

The Iroquois has been plying the waters of the Great Lakes for the last two years. A crew has been sent East to man the vessel for the trip East, and it is expected she will be on the coast in a few months.

The vessel was built on the Great Lakes and then brought to Seattle where she served as a merchant marine training ship. She returned to the East later.

The Puget Sound Navigation Company has been considering for some time the placing of a faster and larger vessel on the Seattle-Victoria run in order to cope with the increasing traffic between these points. The Iroquois, it is understood, will be renovated and reconditioned to meet the requirements of the automobile ferry movement during the summer.

Local Golf Teams Both Go Under In Seattle Matches

Seattle, Sept. 26.—Burnett's fluke shot at sixteenth hole, when his ball landed in the pond and ricocheted back into play, was responsible for the downfall of the visiting Oak Bay golfers in the attempt to life the Stratus Cup from members of the Seattle Golf Club on Saturday. Under ordinary circumstances the ball would have sunk, but not so in this case.

The visiting golfers arrived in the Sound City with a thirty-one-point lead which they secured in the first half of the match played on the Oak Bay links, and Seattle wiped out this lead and gained a one-point advantage when they scored thirty-two points. The winners will take permanent possession of the trophy, having won it three years in succession. Another cup will be put up immediately to replace the Stratus trophy.

Seattle, Sept. 26.—The Rainier team, facing a deficit of twelve points, outscored Colwood by nineteen points in the second half of the series for the Langlie Cup here to-day. Only the singles matches count in the cup series, but Rainier made it a day by romping through to a victory in the foursomes as well.

Notice to Contractors

Tenders will be received on or before Wednesday, October 12, 1927, at 4 o'clock p.m. for the erection and completion of an addition to St. Joseph's Hospital, Victoria, B.C.

Separate tenders will be received for the Painting, Electrical Work, Plumbing, Heating and Elevator. Drawings and Specifications may be seen at the office of the undersigned. Lowest or any tender not necessarily accepted.

C. ELWOOD WATKINS, Architect.

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, September 26, 1902.

Vancouver, Sept. 26.—The steamer Dolphin, which arrived last evening, brought news that the Cottage City left Ketchikan for Seattle on Wednesday in tow of the Pioneer. The Cottage City was taking water but was kept afloat by the pumps.

The booming of guns at Esquimalt yesterday proclaimed the establishment and completion of another fort commanding the Straits between this port and Race Rocks.

Weather Forecast—Victoria and vicinity: Moderate or fresh winds, unsettled and cool, with rain.

Mail is now arriving in this city for a large fleet of sailing vessels due from different parts of the world.

SEAT SALE FOR SOUSA CONCERT

The Victoria Arena management announced to-day that the seat sale for the forthcoming visit to Victoria on October 3 of Sousa's Band is now open and that the regular seat sale will commence on Thursday, September 29, at 10 a.m.

In regard to mail orders, all applications for seat reservations must be accompanied by remittance amounting to cost of tickets and if these tickets are to be mailed, a self-addressed stamped envelope must be enclosed, or else they will be held until called for. All applications must be addressed to Victoria Arena Company, 511 View Street. These regulations apply to the city as well as outside, and mail orders will receive attention in the order of their receipt.

Two concerts will be given in Victoria on October 3, one at 3 p.m. and the other at 8:30 p.m. A different programme will be rendered at each concert, the afternoon one being in lighter vein and arranged to appeal particularly to school children.

C.N.R. TICKET MEN PAY VISIT TO CITY

Party of Twenty-five Clerks From Eastern Cities See Victoria

The party of Canadian National ticket clerks now touring the lines of the railway arrived in Victoria yesterday morning and were entertained here by Publicity Commissioner George I. Warren and C. P. Earle, district passenger agent for the C.N.R.

The visiting agents, who numbered twenty-five under the supervision of Walter E. Rodda, formerly of the Canadian National passenger staff at Vancouver, were taken to various interesting points of the city, winding up at the Crystal Gardens. They returned to Vancouver to-day.

In Vancouver to-day the party will be guests at a banquet in the Hotel Georgia. C. H. Webster, Vancouver publicity commissioner, conducted that party round Vancouver.

There have been a number of similar parties here this year. They went West by the Canadian National to acquaint themselves with the natural beauties of the Western Provinces in order that they may be able to give the travelling public with whom they come directly in contact a proper idea of the places to which they may travel.

Philadelphia, Sept. 26.—Albert Lockhart, twenty-seven, of this city, was instantly killed at the municipal airport late Saturday when struck by the propeller of an aeroplane in which he was about to make a trial flight.

"Anxious Mother"—I wish you would speak to my son about smoking, bishop. Tell him he won't go to heaven if he persists in it.

The bishop—"My dear lady, that arrangement is out of date. I'll warn him that he won't get on the ball team."

The box office for the musical comedy "The Red Widow" will open to-morrow morning and all persons who have purchased tickets from members of the Gyro Club are asked to exchange them for seats.

The Gyro has disposed of large numbers of tickets and those who hold them are advised to be at the box office early if they wish to get the best seats.

"The Red Widow" will be presented three nights, Thursday, Friday and Saturday. It is one of the best musical comedies in years and promises to be a great success. The cast is well balanced and promises to make just as good, if not a better impression, than "The Beauty Shop" presented two years ago by the Gyro.

The Dollar liner President McKinley, which arrived here Thursday from the Orient, went on the Hunter's Point drydock of the Bethlehem Shipbuilding Corporation Saturday for a survey. Drydocking of the steamer made it necessary for the liner to omit San Pedro as a port of call on her next trans-Pacific voyage. She will start loading for the Orient Monday or Tuesday.

The liner Korea Maru, of the Nippon Yusen Kaisha, with the aeroplane Pride of Detroit, in which Edward F. Schlee and William S. Brock flew from Newfoundland to Tokyo, aboard is scheduled to arrive here Thursday.

San Francisco, Sept. 26.—Bound for Valparaiso, the N.Y.K. liner Ginyo Maru arrived here early yesterday from Hongkong with a good sized list of passengers. The liner after discharging part of the shipment and taking on local cargo will sail for San Pedro late to-day.

The N.Y.K. freighter Nagato Maru arrived here yesterday from Kamchatka, en route to Liverpool, with 6,000 tons of salmon in her hold. The Kamchatka salmon pack is being moved by three N.Y.K. freighters. The Calcutta Maru was here last month with 7,000 tons of salmon, and the third steamer has been routed by way of the Suez Canal.

HARVEST RESUMED ON PRAIRIES TO-DAY

Most of Grain Crops Now Cut; Rains Improve B.C. Apples

Winnipeg, Sept. 26.—With the exception of a small percentage of wheat in Alberta, and some late oats and flax in all three of the prairie provinces, grain crops in Western Canada have been cut according to the weekly report of the Agricultural Department of the Canadian Pacific Railway, issued to-day.

Harvesting was carried on last week under improved weather conditions, and threshing became general, but Saturday last rain and sleet was general over the West, causing another delay. To-day the weather is favorable and operations in the harvest fields should be general again by this afternoon or by Tuesday at the latest. Taking into full consideration the damage resulting from frost, rust and hail, the crop generally is considered very satisfactory, particularly in Alberta.

Oats were poor in Manitoba, but fairly good in Saskatchewan and Alberta. Danger from frost is now considered over. Barley promises to be a satisfactory crop in all three provinces, and rye, taken generally, is also satisfactory. All fodder crops are abundant and all districts will be well supplied with winter feed.

Up to the present the supply of workers has been about up to the demand.

About half the Manitoba wheat crop has been threshed, the percentage is a little less when all grains are considered, approximately twenty per cent of the Saskatchewan wheat has been threshed, with a lower percentage for all grains. Alberta is behind other prairie province in wheat threshing, the total to date being put at five per cent in the report.

In British Columbia winter apples have been improved by rains, though the wet and cool weather has not been so favorable for some of the delicate fruits.

BOX OFFICE OPENS TUESDAY FOR SHOW

Ticket-holders Asked to Get Their Seats at Royal Theatre To-morrow

The box office for the musical comedy "The Red Widow" will open to-morrow morning and all persons who have purchased tickets from members of the Gyro Club are asked to exchange them for seats.

Special Six
4-Door
Sedan

Many Exceptional New Luxuries and Performance Features—Yet a New Low Price

EXAMINE—DRIVE—COMPARE THIS GREAT NASH SEDAN—AND IT'S EASY TO SEE WHY THE COUNTRY HAS GONE NASH!

This new Nash Special Six Four-Door Sedan calls your attention very forcibly to Nash value.

At its new low price you will find that other manufacturers are asking from \$100 to \$150 more for cars not as fine in finish, and not nearly as fine in performance.

Here is one of the smartest looking, smartest acting cars of the new season—built as only Nash builds motor cars, performing as only a Nash performs.

The body is a full two inches lower in the fashionable vogue. Window and door ledges, the instrument board and its crown ledge, are all finished in walnut.

The steering wheel is solid walnut, inlaid and crested. There are shirred door pockets.

Vanity case and smoking set. New type, form-fitting cushions, upholstered in rich mohair and button-tufted in the custom manner. *Luxury wherever you look!*

And luxury in every mile and minute you drive it. It is quick on the go, always out in front at a traffic start, effortless on hills. There is increased power in its big 7-bearing Valve-in-Head motor. Yet that motor is even more quiet, even smoother. Integral balance of Nash operating parts has accomplished an astounding improvement in already fine motor performance.

And it is the easiest steering, easiest managed car you ever handled. It turns a corner at a mere hint from its steering wheel.

Finally, here is an easier riding motor car. New secret-process alloy-steel springs, just introduced by Nash, achieve supreme travel comfort. Drive this car before you buy your new one. Buy this car and save \$100 to \$150 of your good money.

Doukhobor Killed At Grand Forks

Grand Forks, B.C., Sept. 26.—Alex Bazeroff, Doukhobor of Cedar Creek, twenty miles up the North Fork of the Kettle River, was instantly killed Saturday at 7 p.m. when a truck which he was driving loaded with sacked grain went over the bank on the hill at Deep Creek, one mile out of Midway where the glare from a car coming down the hill temporarily blinded him.

CHAIR OF POETRY

Cambridge, Mass., Sept. 25.—Prof. Erid R. McLagan, director and secretary of the Victoria and Albert Museum, London, will be the second holder of the Charles Eliot Norton chair of poetry, at Harvard. It was announced today. The chair was endowed two years ago by the late Charles C. Stillman of New York, and was first held by Prof. Gilbert Murray of Oxford. Prof. McLagan played a prominent part at the British foreign office during the great war and also at the Versailles peace conference.

inches at Spirit River, one inch at Peace River and one and one-half inches at Beaver Lodge.

HELD FOR MURDER

May's Landing, N.J., Sept. 26.—Mills Beach, fifty-year-old poultry farmer, held here for questioning in connection with the recent murder of Dr. A. William Lillendahl, has confessed to alleged intimate relations with Mrs. Lillendahl, the slain person's widow. It was announced by Richard Black, special investigator for the state.

Chilly Winds Sweep Across Edmonton

Edmonton, Sept. 26.—Most of the snow which fell Friday and blanketed this district to a depth of an inch or more, disappeared to-day. Chilly northeast winds prevail and unless the weather clears there is little prospect of resumption of harvesting operations for some time to come. Snowfalls are also reported in the north with two

This Delicious, Nourishing Food Builds for Health and Happiness

A man who had studied foods all his life designed Grape-Nuts from whole wheat and malted barley. It supplies to the body these few essential elements of nourishment: Dextrin, maltose and other carbohydrates for energy; iron for the blood; phosphorus for teeth and bones; protein for muscle and body-building; and the important vitamins.

Grape-Nuts is specially prepared for easy digestion. And so delicious! Grape-Nuts has a truly wonderful flavor.

Moreover, Grape-Nuts is a food which dentists highly praise—for its crispness. You like to chew Grape-Nuts, and thus give beautiful exercise to your teeth and gums.

Have Grape-Nuts to-morrow with milk or cream. Four teaspoonsful is enough. And such a helping out less than one cent. Sold by all grocers in wax-wrapped packages, ready to eat. Or would you like to try Grape-Nuts for two days free before you buy? Just send the coupon below which includes a splendid booklet of health breakfast menus.

"Mine is the Best Job in the World!"

JONES is happy, successful, making the most of his life because he is doing the things he wants to do. His energetic body and keen, alert mind—developed through right living . . . principally right eating—have enabled him to capitalize the big opportunities in his work. And he is happy at home, too—enjoying, with his family, the benefits his success makes possible. All mainly because he eats right food! Millions of men like Jones begin each day with Grape-Nuts for breakfast. It was deliberately designed to give the body the important elements for its proper nourishment.

FOUR MURDER CASES ON VANCOUVER LIST

Mr. Justice W. A. Macdonald Will Open Assizes To-morrow

Vancouver, Sept. 26.—Four murder cases will be tried at the assizes court which opens before Mr. Justice W. A. Macdonald at 11 a.m. Tuesday in the Vancouver Court House. In all four instances the victims were women and the accused are men.

Thomas G. Clarke, laborer, is accused of having murdered his companion at a drinking party in Kildonan. Geoffrey Walter Donald, is charged with having beaten his wife to death in a Hamilton Street rooming house. The charge against Dr. J. S. Gladwin arises from an alleged illegal operation. Uchi Yacai, a Japanese, is charged with having killed Mrs. Daka Takahashi.

There are seven other cases on the list, four of them being assault cases of various degrees of seriousness.

Gordon S. Wismer, the Crown Prosecutor, has been engaged for several days in preparing his briefs. The grand jury will be sworn Tuesday and several indictments will be given to them for consideration by the presiding judge. The first trial is not expected to open till Wednesday morning.

ARMAMENTS THREAT TO OTHER NATIONS

Do Not Form Basis of Security Says German Foreign Minister

Geneva, Sept. 26.—Germany—once regarded as the greatest military power in the world—is now disarmed and calmly waits for her neighbors to do likewise. Dr. Gustav Stresemann, the German foreign minister, declared last night in a plea from the rostrum at the assembly of the League of Nations for the speeding up of preparations for an international conference for reduction of armaments.

Dr. Stresemann insisted that armaments could not and should not form the basis of security, arguing that the inevitable effect was a threat to other nations. Implying the delegates of more than fifty nations to shake the faith of mankind that a better future will follow the dark days of the war, he asserted that the League of Nations could not endure unless the duty of general disarmament was accepted.

Dr. Stresemann, M. Paul Boncour, of France; Dr. Louzon, of Holland, and Senator De Broekere, socialist parliamentarian of Belgium, all spoke when the disarmament plans were submitted to the Assembly. It was the powerful address of Senator De Broekere, who acted as reporter for the disarmament committee, which challenged the most attention. With years of experience in the League's disarmament efforts, he solemnly warned his hearers that the road to peace would be long and perilous; yet he eloquently painted a picture of fervent faith that the goal will finally be reached.

"I do not say that peace now is assured," he exclaimed. "I do not say the wolves of war have ceased howling in the forests. But I do say that under the auspices of the League, forces are being organized which will clear the forests of these wolves; that we have realized some part of our hopes and that the number of guns in the world is steadily increasing."

He emphasized, however, that the slowness of disarmament was causing the murmurs of the peace to grow louder and louder, and declared that multitudes are determined to know the exact nature of the obstacles impeding peace, and determined also to prove that a man is not a primitive brute destined forever to slay his fellows.

An impressive feature of yesterday's session, which was adjourned until 10 o'clock Monday morning for resumption of the disarmament discussion, was the solemn roll-call on the question of acceptance of the League's project for outlawing wars of aggression and the settlement of conflicts of whatever nature by pacific means. Every nation voted "yes."

GOODWILL INCREASING

"I do not say that peace now is assured," he exclaimed. "I do not say the wolves of war have ceased howling in the forests. But I do say that under the auspices of the League, forces are being organized which will clear the forests of these wolves; that we have realized some part of our hopes and that the number of guns in the world is steadily increasing."

He emphasized, however, that the slowness of disarmament was causing the murmurs of the peace to grow louder and louder, and declared that multitudes are determined to know the exact nature of the obstacles impeding peace, and determined also to prove that a man is not a primitive brute destined forever to slay his fellows.

Every nation voted "yes."

DETROIT POLICE USE GUNS ON CRIMINALS

Detroit, Sept. 26.—Three burglar suspects, were shot to death and two policemen wounded in pistol battles here over the week-end, incident to the drive against criminals ordered following the kidnapping for ransom of a child last week by members of an alleged extortion ring.

Joe Sokko, of Akron, wanted here for the murder of Edward J. Fitzpatrick, who sought to question him concerning a warehouse robbery, Fitzpatrick was wounded by the suspect's return fire.

John Malone, negro, was shot and killed by a patrolman when he attempted to drive away in a stolen automobile.

NINETY-NINE INDICTED

Indianapolis, Sept. 26.—With the indictment of ninety-nine persons in Illinois, Kentucky and Missouri to-day, federal authorities expressed the belief that they had broken up one of the largest liquor rings in the Midwest.

The federal grand jury returned the indictment along with several others, which boosted the number of true bills to approximately 125. Names of many of the indicted person were withheld pending their arrest.

KIDNAPPED

Mexico City, Sept. 26.—Rosolino Jimenez Barro, laborer, and Genaro Ramarez, politician and prominent in labor circles, were kidnapped from a ranch at Tuxtepec, where they were visitors, taken to the hills and shot and killed, special dispatches from Jalapa report. The kidnappers were either bandits or political enemies.

THIRTY-TWO FAILURES

Toronto, Sept. 26.—A total of thirty-two failures occurred throughout the Dominion during the past week, according to the report of R. O. Dun Co., as compared with thirty-seven the previous week, and forty-four the corresponding week of last year.

REFORESTATION URGED TO END FLOODS IN SOUTH

Wooded Areas Act as Reservoirs, Barren Land Dangerous, Experts Show

Washington, D.C., Sept. 26.—Any plan for flood control which does not include a comprehensive reforestation programme as one of its important phases cannot be successful, in the opinion of federal and civilian forestry experts. None of the experts assert that reforestation, of itself, will prevent floods, but all of them agree that forested areas are of incalculable value in halting runoff and the loss of millions of dollars annually by erosion.

The importance of a definite national reforestation policy and the development of closely related state programmes was emphasized, according to Charles Lathrop Pack, president of the American Tree Association, by the recent Mississippi river flood which he describes as "one of the most significant defeats engineering science has ever suffered."

THREE PART SOLUTION

The flood control, as viewed by Mr. Pack, calls for a three part solution:

1. Restoration to forest conditions of all those portions of land suited for practical forest growing that are today destructively and wastefully washed away through lack of trees.
2. The application of the very best engineering technique available for the building of levees, storage dams, spillways, or, if need be, a combination of all these.
3. Correction and regulation of the destructive grazing which causes millions of acres east of the Rocky Mountains to erode and flow away.

"The Mississippi has brought to us an obligation for action that must be squarely and immediately met," asserted Mr. Pack in a recent brochure on the subject of "Floods, Forests and the Future," which includes a plan of the adoption of reforestation programmes as flood prevention measures in France, Italy, Switzerland and other European countries.

In his contribution to Mr. Pack's booklet, W. B. Greeley, chief of the United States forest service, declared: "Every forest fire in the Mississippi basin tends, sooner or later, to augment flood conditions. Every abandoned or neglected piece of poor hillside farm land has the same tendency. Destructive lumbering and overgrazing, which leave naked soil behind them, are sure to contribute, at one time or another, to some flood catastrophe. The natural storage and protection from erosion that may be derived from common sense and practical wisdom in our everyday use of land."

For forty years or more, according to Mr. Pack, the United States has put its faith and money into levee construction as a flood prevention measure, but almost over night, he continued, "a great river rising in its angry wrath has broken our man-made levees as a Summer's shower carries away the mud toys of a little child."

LEVEES ALONE NOT ENOUGH

"Probably," he continued, "we shall have to devote many millions more to this form of river development, but it is folly longer to depend for flood protection on levees alone."

"The problem of the Mississippi is far too huge and the intricately bound up with our national welfare to approach from anything less than a national viewpoint. It is a problem to whose solution we must bring only the best engineering skill, but also the best knowledge and scientific attainment in the fields of forestry, range control and soil management. We have got to formulate a vast, thoroughly correlated scheme wherein the engineer, the forester, and other experts shall give their best toward devising effective means of taming once for all the turbulent Father of Waters."

"A wealth of forest facts exists pointing to the moderating action of forests on flood and to the deterring effect on erosion. And, after all, it is erosion that furnishes arms and ammunition to flood waters. Not water, but solid matter, is the destructive stuff that floods are made of."

APPALACHIANS NEED TREES

"A large percentage of the water that flows past New Orleans comes from the combined sources of the Ohio, Tennessee and Cumberland rivers. These three rivers are the chief flood breeders of the Mississippi. All arise among the steep and heavy soils of the Appalachians."

"From this area enormous quantities of silt are torn annually to add to the volume and destructiveness of the lower river in flood stages. Here, if anywhere, is the region where land should be acquired and put under forest management by the Federal Government and by the states. In this section more than any other, forests can make their greatest contribution as ameliorating factors in flood control. Yet the land at which land for this purpose is being purchased there is pitifully incommensurate with the need."

"At the northern headwaters of the Mississippi the topography is gentle, and the soil more sandy or gravelly. Little silt occurs there and, except for a few localities, little erosion. However, the headwaters of the Mississippi River, with literally innumerable lakes and forested swamps, are the great natural reservoirs of this river. Indiscriminate drainage of the swamps and even of lakes and the destruction of the forests around the lakes tend to destroy this natural reservoir."

NEED RANGE CONTROL

"The northern portions of Minnesota and Wisconsin are but little suitable for agriculture. Here, if the land is protected from fire, nature will keep the source of the Mississippi clothed with forest vegetation. Therefore, fire protection of the forests or the headwaters of the river is essential, both as a measure of flood control and as an economic necessity. From the western tributaries the lands just east of the Rockies are undergoing a tremendous process of erosion. The result of wire forest sheep grazing. For this country the solution lies largely in a national system of range control until forests plants again cover the land and hold the soil in place."

"So it is in the Appalachians, and to a somewhat less extent in the Ozarks, that forestry can best contribute its share toward the control of the Mississippi. To-day probably less than two per cent. of these regions receives any form of forest management. Federal ownership and state ownership is the immediate solution, the first step towards translating these vast assets, these potential forces of destruction, into acres of perpetual productivity."

"It is important, too, that we remember the money so spent must not be looked on in the same light as money for levees or spillways—funds purely and simply spent in flood control and bringing no other return than protection. Even so, it would be worth every cent."

"But these forests, federal and state, are themselves capable of important monetary returns. As the years pass floods."

Many Attractive and Becoming Models in Women's Better-grade Fur-trimmed Coats

Women who search for authentic styles and the best values possible have made "Campbell's" early Winter season the best we have ever experienced.

Our better-grade Fur-trimmed Coats (some of which may be seen in our windows) show fabrics possessed of a rich lustre, fur bandings and luxurious shawl collars, and side flares that follow a diagonal line, all of which help to make these lovely coats more sumptuous than for several years.

Intricate seamings that follow curved lines also lend individuality to these coats which come in black and a wide range of coppery browns as well as dark greens.

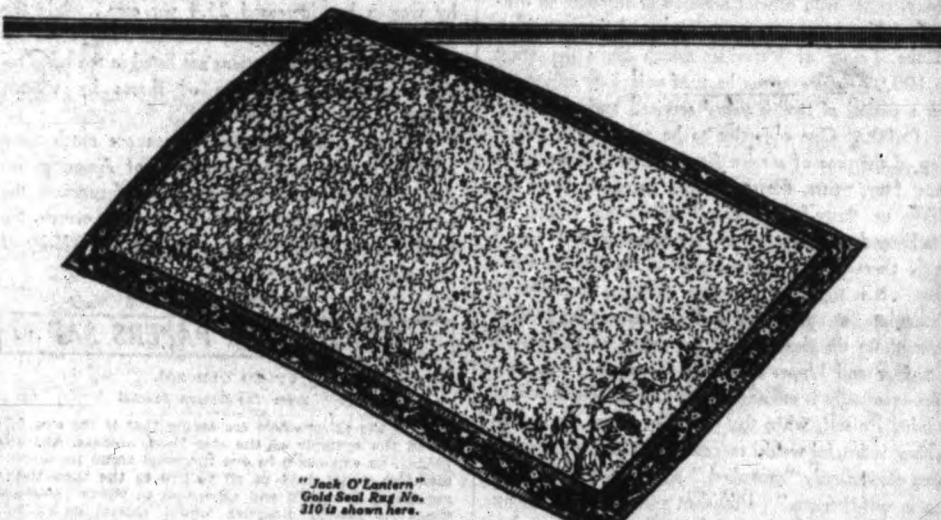

NOTE—If you would like to make your selection now, a deposit will hold your choice for later delivery.

BRIGHTEN YOUR HOME AT LITTLE EXPENSE

A New Pattern Effect in easy-to-clean Congoleum Rugs

"Jack O' Lantern" Gold Seal Rug No. 310 is shown here.

Congoleum Gold Seal Rug designers have again scored an instantaneous "hit" with this new type of rug pattern . . .

A pattern effect that promises to set a new mode for modern rug patterns . . .

now available in two charmingly different colour effects . . . more beautiful than you can possibly imagine . . .

Ask your dealer for them by name . . . "Jack O' Lantern," No. 310, a warm pattern in rich tones of Autumn foliage, deftly set off with touches of red and green . . . or "Firefly," No. 312, in a cunning combination of taupe, cream and blue, brought out to good advantage with a gaily coloured border.

Congoleum Gold Seal Rugs are so practical . . . a 6' x 6' rug costs only \$7.35.

Look for the Gold Seal ON the rugs you buy.

All genuine Congoleum Gold Seal Rugs bear this Gold Seal as an unconditional guarantee of satisfaction—and for your positive protection against inferior imitations.

STRESEMANN AND ARMAMENTS

ON A NUMBER OF OCCASIONS, AT LORCA and since, Dr. Gustav Stresemann, Germany's Foreign Secretary, has manifested a genuine desire for international peace and has declared his country's willingness to do its full share towards bringing about the desired condition. His address from the rostrum of the Assembly of the League of Nations on Saturday was a striking pronouncement and must have impressed the assembled delegates. He pleaded with the gathering to speed up the preparations for an international conference to discuss armament reduction, suggesting that fighting equipment could not and should not form the basis of security, arguing also that its inevitable effect was a threat to other nations.

Dr. Stresemann remarked on the fact that Germany, once regarded as the greatest military power in the world, now is disarmed and is calmly waiting for her neighbors to do likewise. No doubt the majority of the German people will applaud the sentiments of Dr. Stresemann. They realize the cost of Prussianism, all suggestions that the country now is more prosperous than ever notwithstanding, and it is becoming increasingly obvious that their desire is for peaceful progress. But there are uncomfortable reminders from time to time that a not inconsiderable element has taken the de-thronement of the military spirit with very bad grace, and it is towards this element that Dr. Stresemann and his colleagues in the Government may have to direct their attention.

An exchange of diplomatic notes between Germany and Belgium recently took place on the subject of German armaments. The German humanitarian journal, Die Menschheit, printed the text of the documents upon which the Belgian note was based and one or two of the British reviews published a summary of them. They purported to show how Germany, either with official sanction or through an official winkling at events, is getting round that provision of the Treaty of Versailles which limits the army to 100,000 men, on the basis of voluntary enlistment for a period of twelve years' service, and the navy to 15,000. One objective to be sought is a reduction of the time of service from twelve to three, or at most four, years, the secret idea being to divert the thirty or thirty-five thousand men who would be discharged annually to an organization that would settle them in military colonies on the Polish frontiers. It is suggested that their presence there would "stimulate a strong political movement and give strength to the demand for the return of the Polish Corridor and Upper Silesia to Germany." A conflict eventually is envisaged in which Germany would subdue Poland, when the "ruse" of which Die Menschheit is fearful would succeed and Germany, having been conveniently "provoked," again would be "fighting in self-defence." President von Hindenburg, by the way, asserted most emphatically the other day that Germany went to war in 1914 for no other reason.

Die Menschheit summarizes the policy contained in the documents mentioned as follows: (1) Gradual formation of an army of picked men armed with all modern weapons. (2) Gradual permeation of the German people by the "Steel Helmet" organization in order to prevent any hostile movement on the part of the people and to prepare for the seizure of political power. (3) A victorious war against Poland. (4) Seizure of political power by the victorious army. (5) Establishment of a military State with the support of the "Steel Helmets."

There may be nothing serious in prospect as a result of the operations of the militaristic element; but its plan of campaign might develop a state of mind that the Government would have to deal with if Dr. Stresemann's peaceful ambitions are to come to anything practical.

CANADIAN SCREEN NEWS

IT ALWAYS WILL BE DIFFICULT FOR the moving picture house proprietors of Canada to arrange for a weekly programme that will please everybody. Public taste is too diversified and it changes very nearly as often as the wind. But there is a suggestion from Mr. Fred Jacob in The Toronto Mail and Empire which might be considered by those interested in this country that are able at least to influence the contents of the weekly news reel. This writer reminds us that the Dominion celebrated a great and important national event last July, "but the only picture that I have seen of it in the screen news," he says, "showed the United States aviators in the air above Ottawa." Mr. Jacob then proceeds:

It is time that something was done to draw the attention of the Canadian movie magnates to this condition of affairs. The news reels are frequently the saving grace of the show, when the comedies are not comic and the features so much blige. But the news reels are badly in need of editing. Let us have European, Asiatic and United States items of international interest, and then something more about our own country's doings.

There must be someone in control of the Canadian movies who knows what national feeling is. If not, it is high time there was.

Canada is not the United States. Our people buy Canadian newspapers because they want to read Canadian news; they know they can not get it in American ones. As Mr. Jacob points out further, "it is because the news that seems important to a Canadian does not always interest a citizen of the United States, and vice versa." But that, of course, does not indicate a superiority or inferiority anywhere; it is merely a matter of nationality. There obviously is a large variety of news which lends itself to screen record in the United States. We venture to suggest, however, that plenty of parallel items could be found in Canada, and if more of these were included in the more localized part of the programme, Canadians would find greater interest in it.

WOMEN IN FINANCE

FROM TIME TO TIME SOME OF THE more superior members of the male sex have curled their lips at the mere suggestion of women taking their place in the realm of trade and commerce with equal chances of success. They may not do all the leading, of course, but many have proved excellent followers with ample capacity to force the pace. How many people know, for instance, that women own more stock in America's leading corporations than men? The Wall Street Journal recently completed an investigation which reveals that in nine out of ten large corporations whose shares are listed on the New York Stock Exchange women owners outrank men from one to fifteen per cent. The ratios in the ten companies which answered the questionnaire are as follows:

Corporation	Women Pct.	Men Pct.
Westinghouse Air Brake	52	41
United States Steel	37.42	62.58
Southern Pacific Company	45.53	54.47
Pullman Company	46	54
Pennsylvania Railroad	50.38	49.62
Norfolk and Western Railroad	48	52
National Biscuit Company	50	50
General Electric	47	53
American Sugar	47	53
American Telegraph and Telephone	54	46

The balance of the stock in each corporation, making 100 per cent., is held in the treasury or by other corporations, estates, or trustees.

Many of the shares no doubt represent legacies, or stock signed over to wives by husbands for the reasons which generally dictate such transfers. However, it is significant that stock held by women has increased substantially since the recently accelerated movement of the fair sex into business and trade. In ten years United States Steel Corporation stock held by women has increased 25.4 per cent., while the increase in shares owned by men has been only 10.6 per cent. Other corporations not listed in the table report substantial acquisitions of shares by women during the last few years.

On the assumption that women are much more sentimental than men, their control of American industry might effect some interesting changes in the relationship of capital and labor. In other words, the hand that rocks the cradle now endorses a majority of the dividend cheques.

WHAT OTHER PAPERS SAY

UP TO OLD SOL
From The Oregon Journal

Now the astronomers are saying that if the sun followed the example of the star Nova Aquilae, and exploded, an expansion to one thousand times its present diameter would send us all to live in the then tropic regions of the poles and expansion to thirty thousand times its present diameter would shroud us all up. Here's hoping that it will be kindly remembered the sun has a great responsibility, namely, taking care of little us and seeing to it that while we retain the weather as chief topic of conversation, we become neither too cold nor too hot.

EASY READERS
From The Brandon Sun

The tendency of to-day is to demand that we be highly entertained without mental effort. On this continent, reading a book calls for quiet and mind strain. Concentration is more unpopular in the United States. The movies give the people what knowledge they desire of literature and they get the rest from short stories and magazines. United States citizens read in quantity, of course, but not literature. A Washington statistician has figured out for them that the number of magazines and newspapers published last year amounted to 200 for every man, woman and child in their country. Against this huge figure there were just one and three-quarters books published for each member of the population and one-half of these were school textbooks.

JOTS FROM GEOGRAPHY

THE SHIP THAT NEVER SAILS, is the name given this latest in Crater Lake. The phantom ship rises out of the center of the lake, where its colored rocks catch the keen of green and blue from the water and mingle them with the golden rays of the sun. Crater Lake is one of the beauty spots of the Western States.

DO YOU KNOW—

That our modern game laws are relics of the old forest laws of William the Conqueror, it being considered as great a crime to kill one of the king's deer as to kill one of his subjects.

Life's Niceties Hints On Etiquette

1. Should we recognize "in society" someone we have met only in a business way?
2. Is it bad taste to be demonstrative in public?
3. Is it permissible to ask your neighbor in a public place to be less noisy?

THE ANSWERS

1. Absolutely.
2. Yes.
3. If done politely, yes.

Bridge Me Another By W. W. Wentworth

(Abbreviations: A—ace; K—king; Q—queen; J—jack; X—any card lower than 10.)
1—Dealer bids initially one spade. How many probable tricks should partner hold to raise the bid?
2—Is it advisable to bid initially on K 7 10 X X without a side trick?
3—Partner not having bid, what should you lead against a suit when you hold K J X?

THE ANSWERS
1—At least five probable tricks. Raise once for each trick over three.
2—No.
3—Q.

Canadian Questions and Answers

CANADA AS A GOLD PRODUCER

Q—Where does Canada stand as a gold producer?
A—Canada now ranks third as a gold-producing country, with South Africa first and the United States second. Canada's production was nearly \$30,000,000 in 1926, \$31,000,000 of which came from Ontario. It is predicted that at the present rate of progress Canada will soon reach the second place.

The WEATHER

ASPHYXIATED

Milwaukee, Wis., Sept. 26.—Police today broke into the home of A. B. Payne, retired glass manufacturer, and found the bodies of Mr. and Mrs. Payne in a bathroom. Traces of coal gas in the house inclined police officials to believe Mrs. Payne was awakened by escaping gas and her husband had followed her to the bathroom.

A paper alludes to what it calls "a lovable burglar." With such taking little way!

CHRISTIANITY WILL NOT DIE IN CHINA

Chinese Christians Will Carry
on Mission Work of White
People, Says Missionary

Dr. W. Hampton Venable Returns to U.S. After Thirty-four Years in Far East

"It is absurd to take a pessimistic viewpoint of the missionary situation in China. Even though all the European and United States missionaries were driven out, there would still be many Chinese Christians who will carry on the work instituted by the white people," declared Dr. W. Hampton Venable, who for thirty-four years has been doing medical and missionary work in Kuling, China. Dr. Venable passed through Victoria this morning aboard the liner President Jefferson on his way to Ottawa, Virginia, where he will take up a position in the Ottawa-Bankton Hotel. Dr. Venable was accompanied by Mrs. Venable who has been with him during his work in China. Having been situated in the midst of trouble in China, where Russian Reds made life almost unbearable, he was ordered by the consul to vacate his post.

ENGLISH REFORMATION CRY

"When people discuss the progress of Christianity in China, with pessimism, they do not think of the reformation period in England when Christians went through numerous persecutions and great efforts were made to ground Christianity under heel. There is a similar case in China, but even there, it is mostly influenced by Reds." At his own station in Kuling there was an instance of Chinese carrying on, said Dr. Venable. Here the Chinese doctor is replacing him with remarkable ability, he said, and continually reports to Dr. Venable by letter of his progress. Dr. Venable has been away from Kuling for some time, having resided in Shanghai.

NO OCCASION FOR VIOLENCE

In Dr. Venable's opinion there was absolutely no occasion for mob violence for the Chinese to gain their wishes in driving the foreign powers out of China. By the Washington Conference of 1925, the powers acceded to practically all the demands of China that unequal treaties would be abolished and her rights secured. Instead of waiting for these negotiations to take their course, settling things without bloodshed, the Chinese were urged by the Russian Red to satisfy themselves quickly by taking arms against the foreign powers, thus precipitating the strained relations with the great nations.

NEW WESTMINSTER PULP PLANT MOOTED

Board of Trade Will Consider
Proposals To-day

New Westminster, Sept. 26.—Plans for the launching of a project which has already been attempted without success twice before in the Royal City, are again maturing, and an outline of the plan will be presented when State Senator Charles G. Heifner, Seattle, outlines a scheme for the establishment of a pulp plant in New Westminster at a meeting of the Board of Trade to-day.

It is stated on good authority the scheme has been placed before a number of business men in the city, and has been well received. While nothing definite has yet been decided, it is generally conceded the plant would be erected on Poplar Island with a first unit to cost \$600,000 as a primary objective.

Such a unit would have a 50-ton daily capacity, and would give employment to between 150 and 200 men. Although the scheme is in many respects similar to those formerly mooted, in the matter of product an entirely new idea is proposed. This is a manufacture of miscelchick pulp, a commodity used by makers of the highest grade paper. At the present time no pulp is produced in Canada, and only three factories in the United States are making it.

CONTRACT BRIDGE DECLARES ITS SCORING INDEPENDENCE

Newly Codified Rules Win Further Freedom From Mother Auction

Contract bridge, reaching its majority, has declared its independence. By a codification of rules, including one radical change in scoring, it further divorces itself from the influence of mother auction.

This codification, the first since contract has gained popularity, was made public the other day by The Whist Club, arbiters of things bridge. And the innovation in tallying which it embodies is the discard of auction trick values and the substitution of a strictly contract table of counts.

Here are the new rules synopsis: Trick Values—No trump, 25; spades, 30; hearts, 30; diamonds, 20; clubs, 20; doubling doubles trick values; redoubling multiplies them by four.

Rank of Bids—A bid of a greater number of tricks ranks higher than a bid of a lesser number. When two bids are of the same number they rank: No trump, spades, hearts, diamonds, clubs.

Game—A game is won when one side makes a trick score of 100 or more points. Of the tricks made, only those contracted for are scored in the trick score. All extra tricks (tricks made over and above those contracted for) are scored in the honor score.

Rubber—A rubber is ended when one side wins two games.

Vulnerable—After a side wins one game it becomes "vulnerable." Until a side wins a game it is "not vulnerable."

Premiums—All premiums are scored in the honor score and are classified as follows:

HONORS Points
Four in one hand 100
Five in one hand 150
Four aces in one hand in no trump 150
All other 0

Final game of rubber (if a two-game rubber) 700
Final game of rubber (if a three-game rubber) 500
Other games 0

IF UNDOUBLED (When declarer is not vulnerable) 80
IF DOUBLED (When declarer is vulnerable) 100

EXTRA TRICKS
IF UNDOUBLED (When declarer is not vulnerable or not vulnerable) 80
IF DOUBLED (When declarer is not vulnerable) 100
IF DOUBLED (When declarer is vulnerable) 200

SLAMS BID AND MADE
Little Slam (When declarer is not vulnerable) 500
Grand Slam (When declarer is vulnerable) 750

UNBID SLAMS MADE
(When declarer is not vulnerable) 1000
(When declarer is vulnerable) 1500

Slam premiums are additional to all other premiums.
Doubling and redoubling do not alter slam premiums.

PENALTIES
Undertricks (Scored in Adversaries' Honor Score)
If Undoubled: (When declarer is not vulnerable per trick) 50
(When declarer is vulnerable), for first trick 100

For each subsequent trick 200
If Doubled: (When declarer is not vulnerable) Per trick, first two tricks 100
Per trick, third and fourth tricks 200
Per trick, subsequent tricks 400
(When declarer is vulnerable) First trick 200
Subsequent tricks, per trick 400

REDOUTING
Doubles are doubled premiums and penalties. Doubling and redoubling do not affect the premium for games, slams and honors or the revoke honor score penalty.

Revoke—The revoke penalty for either side is the loss of two tricks for any player's first revoke. One hundred points additional penalty for each subsequent revoke.

FIFTEEN LIVES LOST DURING WEEK-END

Traffic Accidents Take
Heaviest Toll in Eastern
Canada

Ottawa, Sept. 26.—Violent deaths accounted for a toll of fifteen lives in Eastern Canada over the week-end.

Mrs. Mary Gardhouse died in Toronto Sunday from injuries received when she was struck by an automobile on September 19.

Mrs. Isabella Smith, sixty, of Toronto, succumbed to injuries sustained when struck by an automobile as she was getting off a street car.

Injured in Quebec City on September 22, Mrs. Elizabeth Franklin, sixty-one, was brought to Toronto and admitted to hospital, where she died Sunday.

John Hannah, sixty-four, Toronto, was thrown to the pavement with such terrific force when a street car struck the bread wagon he was driving on Saturday, that he died two hours later.

A man whose identity police have been unable to discover, was found dead in a Toronto rooming house. Death was attributed to gas poisoning.

James House, aged two-and-one-half years, died in a Toronto hospital from scalds he received when he fell into a pail of boiling water.

Margaret Kennedy, nine, was instantly killed when she stepped into the path of an automobile on the highway, near Vaudreuil, Que.

KILLED BY BROTHER
From a bullet wound in the neck, William Weisen, nine, died at Montreal. The injury was accidentally inflicted by the victim's brother.

Wilfrid Reiers, longshoreman, was fatally injured when he lost his balance and fell into the hold of the steamship Rhodon in dock at Montreal.

At Kentville, N.S., Wesley Pearl, sixty-eight, a laborer, was instantly killed when a flywheel of an engine fell on the overhanging end of a plank, the other end of which flew up catching Pearl under the chin and breaking his neck.

The body of Emerson E. Boucher of Washington, Ont., with gunshot wounds through the eyes and forehead, was discovered on a Kitchener, Ont., river bank. Police suspect suicide.

At Guelph, Ont., six-year-old Arthur

Wellbauer, dived across the street in front of a motor truck and was instantly killed.

STUCK BY TRAIN
Small Roscoe, waterboy for railway sectionmen, was struck by a train, near Cornwall, Ont., and killed.

Two bodies were recovered from the Cornwall Canal, those of Clifford Tessler, aged six, and George Gouet, twenty-one. A note written by the latter indicated that he had contemplated suicide. Young Tessler apparently lost his life while playing near the canal.

Railroad Men Meet At Moncton in 1929

Montreal, Sept. 26.—The 1928 convention of the Canadian Brotherhood of Railroad Employees will be held in Moncton, N.B., it was decided at the final session of that body's convention here Saturday.

The meeting concluded with the adoption of several resolutions and the election of officers.

Mrs. Flatbush—I'm sorry our children are all grown up.

Mr. Flatbush—What a funny idea! "Well, you know, I saw baby carriages to-day marked down to \$5 to \$1.91."

CLASSIFIES GERM OF INFANT PARALYSIS

Head of Harvard Commission Says Problem is to Find Anti-toxin

New York, Sept. 26 (Canadian Press)—A special dispatch to The Morning World from Boston to-day says: "The germ of infantile paralysis has been definitely classified, thereby simplifying the task of science in its attempts to overcome the disease. Dr. W. L. Aycock, head of the Harvard Infantile Paralysis Commission, said Sunday the main problem now is to find a suitable animal to yield an anti-toxin."

"The only animal which takes the disease appears to be the monkey," said Dr. Aycock, and the latter's mortality is so slight that it is unsatisfactory subject. When we discover the proper animal for serum purposes, infantile paralysis will be controlled."

PRESENCE PROVED
Dr. Aycock pointed out that a somewhat similar problem confronted science when the diphtheria germ was first isolated and finally it was found diphtheria serum could be made from the blood of the horse.

"The infantile paralysis germ is too small to be detected. Even by the most powerful microscope," Dr. Aycock said, "but its presence was proved by evidence of growth."

He denied that an infantile paralysis epidemic existed. He pointed out that in Massachusetts there has been one-fourth the number of cases reported this year as compared with 1916.

Parents need not worry, he said. Fatalities from automobile accidents are far greater than the number caused by this disease. Many children who once have had the disease will not have it again.

RAILROAD MEN ASK FOR PENSION PLAN

Or Reinstatement of Aged Workers Dismissed by Government Line

Winnipeg, Sept. 26.—Reinstatement or an alternative pension plan, equal to the proposed Federal old age pension scheme, was urged in a resolution passed at a protest meeting here Saturday night of Canadian National Railway employees dismissed on attaining the age of sixty-five years.

Several of the dismissed men declared they had been "let out to starve" and claimed that they were confronted with an almost impossible handicap of obtaining employment.

The resolution which has been forwarded to Sir Henry Thornton, president of the Government system, and Premier Mackenzie King, asks for urgent consideration of the appeal.

UNTIL AGE OF SEVENTY
It was the opinion of the convention that this regulation retired men who were capable of rendering effective service for a number of additional years and therefore an injustice, and that, if Parliament felt that the age of seventy was the limit for old age pensions to be paid, Government railways should carry their employees on until the age of seventy. The convention asked that the matter be reopened with a view to having the men dismissed returned to service.

SENIORITY
Another resolution adopted dealt with the dismissals of a number of shop men employed by the National Railways, which dismissals were carried out without regard to the seniority rights of these employees. The convention, with the opinion that the principle of seniority should at all times be maintained, and that efforts should be made to have the dismissed shopmen reinstated.

To Search For Plane Off Irish Coast

Dublin, Sept. 26.—So much speculation has been caused by the renewed

RADIO—LASHED TO A SHIP

Lashed tightly to the ship's deck, this truck was the studio and portable broadcasting station that transmitted the continuous programme during the liner's voyage from Los Angeles to Hawaii. Its portable station KGO of Los Angeles and was the subject of an expedition by John S. Daggett, head of KHJ of Los Angeles, in co-operation with artists and engineers of KHJ. Daggett is shown holding the microphone.

report that the French plane "White Bird," piloted by Frensch and Gail, had been seen to plunge into the sea off the west coast of Ireland, that the French consul-general, A. M. Blanche, has asked the Irish authorities to make an investigation.

Commandant Fitzmaurice, head of the air force, said a Fre. G.C. aeroplane would probably be sent to the scene.

U.S. TO AUSTRALIA FLIGHT IS PLANNED

Four Australian Aviators Are Backed by New South Wales

San Francisco, Sept. 26.—The Chronicle said Sunday that four Australian aviators, with official and financial backing of New South Wales, are making preparations for a flight from the United States to Australia the middle of October.

The projected route, the article says, will be from Oakland, Calif., to Hawaii, 2,499 miles; thence to Rabaul, New Britain, 3,500 miles; then 950 miles to Northern Australia, and the remaining 2,000 miles to Melbourne, overland, a total of nearly 9,000 miles.

The flight, The Chronicle says, will be in a tri-motored Fokker monoplane, now in Seattle, similar to that used by Lieut. Albert Hegenberger and Lester J. Maitland in their air voyage to Hawaii.

Three of the Australian aviators named are Kingsford Smith, Charles T. P. Ulm and Keith V. Anderson.

THIRTY MEXICANS IN TRAIN RAID KILLED

Federal Soldiers Drive Off Hundred Attackers After Hard Fight

Mexico City, Mex., Sept. 25.—Delayed advices from Matamoros received by El Universal, say that thirty bandits were killed early last week, when more than 100 bandits attacked a Southern Pacific passenger train between Barrancas and Lagunillas. Ten Federal soldiers and many of the bandits were wounded.

The train guard of about sixty Federal soldiers gave battle to the marauders for several hours, and eventually drove off the bandits who escaped death or serious injury. None of the train passengers were hurt, though many bullets passed through the coaches.

APPLES MOVING IN VANCOUVER

Vancouver, Sept. 26.—There is little change in the apple deal. Hyslop crab-apples have come on the market during the week and are of good color and quality. A few have also been received from coast points. Macintosh Reds are expected to appear within the next few days, and ought to pass off well, as the market has been well prepared for them. A few more boxes of Jonathans were imported, but again failed to pass inspection and were therefore rejected.

With the exception of Italian prunes imported off heavily during the week, it is getting close to the end of the season on some lines which, no doubt, accounts for some of the falling off. A very large part of the imports are for canning purposes, particularly in pears and peaches.

It will be noted that a few crates of cantaloupes have been imported. The adverse weather in the Oliver country has restricted production up there, apparently. Ashcroft and other dry belt potatoes are now in fair supply and go out at listed prices. Tomatoes from the same districts now have the market and prices remain steady under the expected supply. It may be remarked in passing that one of the outstanding features of the market this season has been the comparative absence of glut conditions, with the inevitable ruinous returns of the shipper.

St. Louis, Mo., Sept. 26.—Deputy Sheriff William Adams, forty-five, of Thurston County, Nebraska, was shot and killed Saturday five miles west of Winnebago, Nebraska, by Wesley Bradford, an Indian, who had escaped from the Pender, Nebraska, jail Thursday night.

Sheriff Jensen recruited posse of farmers and citizens to scour the country.

Blankets Need Washing

Those blankets stored away all Summer—don't they need a thorough, purifying washing before you put them to work for the Winter?

Laundering blankets in the way you like is one of our specialties.

First—We wash them through and through in vivify, soft water—lukewarm—and in rich, lathery suds. Then we dry in a warm, purifying breeze that brings back all their original freshness.

There is never any shrinkage, felting or matting—you get your blankets back with the nap beautifully fluffed up, soft and downy to touch—the kind of a blanket that brings cosy comfort and sound slumber.

Phone us to-day—have us take all this heavy work off your hands.

WEDDING AT FIRST UNITED CHURCH

Miss Catherine McGregor and Mr. George Ward Wed Friday

A very pretty wedding was solemnized on Friday evening when Rev. W. G. Wilson D.D., united in marriage Miss Catherine McGregor, eldest daughter of Mr. and Mrs. J. McGregor of 1235 Styles Street, and Mr. George Ward, son of the late Mr. P. Ward and Mrs. Ward of 504 Craigflower Road.

The bride, who entered the church on the arm of her father, looked charming in her wedding gown of French beaded georgette over white satin, with which she wore an embroidered net veil arranged in Spanish style with an orange blossom band. Her bouquet was of Ophelia rosebuds, white carnations and maidenhair fern.

She was attended by her sister, Joan, in a frock of pink georgette trimmed with rhinestones, with which she wore a rhinestone bandeau. Her bouquet was of pink and mauve sweet peas and fern.

The groom was supported by Mr. Gordon Harris. The ushers were Mr. Dave Lewis and Mr. D. English. Wedding music was played by Mr. G. O. Pitt, and during the signing of the register, Miss Laura White sang very sweetly, "Because."

A reception was held at the home of the bride's parents, at which a large number of relatives and friends were present. The young couple were assisted in receiving the guests by Mrs. J. McGregor and Mrs. Ward, mother of the groom. The table was tastefully decorated in a color scheme of pink and white, and centered with a three-tier wedding cake. Delicious refreshments were served, and Mrs. W. Saunders and Mrs. F. V. Painter presided at the table.

Mr. and Mrs. Ward left on the midnight boat for Vancouver, en route to Saskatoon, where they will reside. The many beautiful gifts received testified to the popularity of the young couple.

MRS. WINTINGHAM PLEADS FOR PEACE

Former British M.P. Asks Ottawa Women to Prevent Arming

Ottawa, Sept. 26.—Mrs. Margaret Wintingham, former member of the British Parliament, in addressing the Ottawa Women's Canadian Club, Saturday, made a plea for women to prevent arming and secure the peace of the world. She congratulated Canada on its recent election to a seat on the League of Nations and expressed the opinion that the Dominion should now act as mediator in any difficulty which might be encountered between Great Britain and the United States.

"The women of Great Britain, the United States and Canada, must now realize they have a great opportunity. There is arming in the air. Let us prevent arming and secure the peace of the world," Mrs. Wintingham said.

Matric Students Elect Officers

Matriculation students of the Victoria High School elected their officers to represent them on the Students' Association at a meeting held Saturday. The following officers were elected: President, Charles Armstrong; secretary-treasurer, Sheila Boyd; athletic committee, Dorothy Allan and P. Turgoose; musical and dramatic committee, Phyllis Burnett and B. Ward; social committee, Jean Stewart and P. Dorman; public speaking, Lottie Kaiser and Roland Thorpe.

The junior students will elect their officers to-day.

"You're suffering from indigestion. Drink a cup of hot water every morning."

"I've been doing that for some time, doctor, only my wife calls it coffee."

YOUR BABY and MINE

by MRS. MARY ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

PRE-NATAL FOOD—NEEDS OF THE MOTHER

Because there is so much interest in food these days it is natural that the prospective mother should also take serious consideration of her needs. However, she should not make the mistake of becoming a food faddist or of starving herself of fat-making foods in order that she may reduce the weight of the child and make the birth easier.

It is extremely serious for a mother to omit fat-making foods from her diet in order to bear a thinner child. It is equally as bad to omit lime-rich foods in order that the bones may be "soft." Nature has a way of circumventing this sort of effort by taking the necessary lime from the mother's supply in order that the baby may not suffer, but in the case of the carbohydrates, the energy foods, whose surplus is stored as fat, failure to give the body a sufficient supply of these will result in real injury if carried to excess.

Mothers should not give too much thought about food. This would make for a nervous condition. The regulation diet which has kept a mother in good health can be continued during pregnancy, with the exception that the mother needs more milk to drink (in order to supply sufficient lime) and also needs quantities of water.

When one says that the ordinary diet which keeps the mother in good

WOMEN'S AFFAIRS

TO PLAY AT MATINEE MUSICALE

—Photo by Stefania-Colmes.

Miss Margaret Campbell, gifted young pianist, who will give the programme at the matinee musicale and tea with which the Ladies' Musical Club will open its season at the Amphion Hall, Gordon Building, Yates Street, on Saturday afternoon, October 1. Until a year ago, Miss Campbell was a pupil of Mrs. Gertrude Murphy Green (Mrs. Huntly), and she will shortly leave for New York to resume her studies with Wittgenstein, with whom she has already studied for a year.

SOCIAL

Mr. and Mrs. Harry A. Ross are in Seattle for the "Bankers' Convention."

Dr. and Mrs. Russell Robertson returned to Victoria on Sunday after a pleasant holiday spent at Fish Lake, near Kamloops, B.C.

Mr. George Hedge and Miss Daisy Hedge of Winnipeg are the guests of Mr. Walter Byrd and Miss Byrd, Quadra Street.

Miss Margaret Fletcher, daughter of Mr. and Mrs. J. H. Fletcher of Rockland Avenue, left yesterday afternoon to take up her studies at the University of British Columbia.

Miss Hope Leeming, younger daughter of Mr. and Mrs. Thos. Leeming, left yesterday for Vancouver to resume her studies at the University of British Columbia.

After spending the Summer with her parents, Mr. and Mrs. G. M. Tripp, Yale Street, Oak Bay, Miss Audrey Tripp has left for Seattle to resume her studies at the University of Washington.

Mrs. Roi Goodacre, Miss Betty Goodacre and Mr. Jack Goodacre have returned to Victoria after spending the Winter months in Sacramento, Calif., and the Summer at Vancouver.

Miss Agnes Leeming returned to her home on Rockland Avenue this afternoon, after attending the convention of the Association of Canadian Clubs held in Ottawa, where she represented the Women's Canadian Club of this city.

Mr. Ernest Dymally, 435 Walton Street, formerly of A. J. Woodward & Sons, left yesterday for Vancouver, B.C., to take over the management of the Bouquet Flower Shop on Granville Street.

YOUR BABY and MINE

by MRS. MARY ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

Health is sufficient also to supply the developing child's needs, one is taking it for granted that the mother understands something of the foods which go to make up an adequate diet. She need not over-eat of anything. She must supply her body with some of all the different foods, proteins, carbohydrates, fats and minerals, and she can do this without any mental effort if she will eat meat or eggs, vegetables, fruits, whole wheat or graham bread with butter and drink one quart of milk and eight glasses of water each day.

Food whims of pregnancy can be largely disregarded. It is natural for a person to feel nauseated because of the manner in which the stomach is being crowded. It is natural to like sour things when one is nauseated. That is about all there is to such cravings. Eat less at a meal and eat often and the stomach won't be so "stuffed" and the mother will be more comfortable. Also the eating of starchy foods (just those ones which the mother fears will put weight on the baby) are helpful in extreme nausea.

One good way of saying that the body really needs them.

Mrs. Eldred has a leaflet on Prenatal Care and Diet for the Nursing Mother and it will be mailed to you upon receipt of a stamped self-addressed envelope.

CLUB NEWS

DELIGHTFUL TEA AIDS "Y" LIBRARY

Mrs. David Miller Hostess at Book Shower For New Y.W.C.A.

A very pleasant afternoon was held at the home of Mrs. David Miller, 814 McClure Street, on Saturday afternoon under the auspices of the members of the former Agnes Deans Cameron Chapter, I.O.D.E., a continuous stream of guests arriving during the afternoon lent their presence and good wishes for the occasion, among whom were Mrs. Helen Gillespie, regent of the Municipal Chapter, I.O.D.E., and Mrs. Laundry, regent of the Bishop Criddle Ministering Chapter, I.O.D.E.; Mrs. Frank Adams and Mrs. Justin Gillespie of the Y.W.C.A. committee, and the members and interested well wishers of the Agnes Deans Cameron Chapter.

The floral decorations in the reception rooms were Michaelmas daisies and golden rod, and in the tearoom a large bowl of var-colored chrysanthemums centered the table and golden glow banked the fireplace.

Mrs. David Miller was assisted in receiving the guests by Mrs. J. H. Macfarlane and Mrs. W. G. Cameron. Mrs. H. Puckler and Mrs. Angus Campbell presided at the tea table. The Misses Campbell, Forman, Puckler and Miller performed the duties of waitresses.

Mrs. Wm. Russell and Miss Mabel Cameron received upwards of 100 books as well as a set of Encyclopaedia Britannica and six volumes of the Reference Library, a box of twelve new novels and \$15 for the purchase of further furniture for the Y.W.C.A. library, in whose interests the affair was held.

The following ladies donated books and cash: Mrs. W. H. Dorman; Mrs. W. H. Wilkerson; Mrs. W. Colman; Mrs. L. H. Hardie; Mrs. R. A. Brown; Mrs. W. Russell; Mrs. W. G. Cameron; Mrs. Mary Spencer; Mrs. Murray; Mrs. Kaye (Vancouver); Mrs. Macfarlane (Vancouver); Mrs. Patterson; Miss M. Brown; Mrs. R. F. Blandy; Mrs. W. O. Phelan; Miss Budd; Miss J. Shaw; Mrs. A. A. Dorman; Mrs. Jan. Forman; Mrs. K. Currie; Mrs. F. Adams; Mrs. Cartwright; Mrs. J. Cartwright; Mrs. J. Jones (Ladysmith); Mrs. E. E. Woodson; Mrs. B. C. Mees; the Misses Roberts; Miss Brumpton; Miss Conyers; Mrs. Christianson; Mrs. D. E. Campbell; Mrs. Helen Gillespie; Mrs. McMillan; Mrs. Armstrong; Mrs. W. M. Allen; Mrs. Little; Mrs. Laundry; Mrs. Fatt; Mrs. James Stewart; Miss Pavewett; Mrs. Angus Campbell; Mrs. Helen Gillespie; Mrs. Wilson; Miss Jessie Cameron; Mrs. Justin Gilibert and Miss Mabel Cameron.

Miss Jessie Le Page has returned to her home in Victoria after visit of three months in Winnipeg and other Eastern points.

Mr. Bernard Gough, formerly of the Vancouver Drug Company's staff, has left for Edmonton, where he will enter the University of Alberta.

Miss Ethel Windus, Davie Street, entertained at tea tables of bridge on Thursday evening. Those invited were Mrs. Harold Bray, Miss Nona Goodacre, Miss Doris Finley, Miss Grace Hunter, Miss Lois Tripp, Miss Edna Lungey, Miss Margaret Adam and Miss Marjorie Raymond.

The Burnside Bowling Club inaugurated its popular social evenings on Saturday night. There was a good attendance indicating that this is going to be a busy centre during the coming Winter. Five hundred was the game indulged in and the novelty prizes were carried off by Mesdames Dealey, Morrison and Tumes; Messrs. Hancock, Washington and Harman.

Of much interest to the bridegroom's many friends in this city was the quiet wedding which took place in Vancouver on September 15, when Miss Eva May Hogan, daughter of Mrs. M. E. Hogan of Hazelton, B.C., became the bride of Dr. R. C. Winick, M.P.P., superintendent of the Hamilton Hospital.

The wedding was quietly performed in the presence of a few friends and was conducted in Chown United Church. After the ceremony Dr. and Mrs. Winick left for Victoria, and after a short stay here left for Hazelton to make their home.

Miss A. Morris, 425 Parry Street, was hostess at a kitchen shower for Miss Betty Bridges, a popular bride-elect. The presents, concealed in a prettily-decorated wagon, were drawn by the little Misses Dorman and Todd. During the evening games were played, after which a dainty supper was served, the tables being decorated in mauve and white. Those present were: Mr. and Mrs. F. Smith, Mr. and Mrs. Shepherd, Mr. and Mrs. Winkler, Misses Winkler, Mr. and Mrs. W. H. Bridges, Miss Betty Bridges, Mr. and Mrs. Hartley and the Misses Hartley, Mr. and Mrs. Todd, Mr. and Mrs. Dorman, Mrs. George Miles, Mr. and Mrs. Warder and the Misses Warder, Mrs. Tennant, Mrs. Hacker, Mr. and Mrs. W. Miles, Mr. Hayhurst, Dr. S. F. Miles and Miss M. Wilmers.

Mr. and Mrs. A. Duplain entertained on Friday evening at their home, 581 Niagara Street, with several tables of whist in honor of Mrs. R. N. Moffat of Seattle, Wash., and Mr. Esig of Payson, Minn. The prize winners were: First, Miss Twiggwell; second, Mrs. Benzie; consolation, Mrs. Anderson; first, Mr. M. Anderson; second, T. Benzie; consolation, Mr. Harvey. Dainty refreshments were served, after which by special request Miss Jessie Anderson danced the Highland Scotchische and the Irish. Dancing continued until the small hours. Those present were Mrs. R. N. Moffat, Seattle; Mr. Esig, Payson, Minn.; Mr. and Mrs. Buckley, Mr. and Mrs. Anderson, Mr. and Mrs. Benzie, Mr. and Mrs. McKean, Mr. and Mrs. Ackerman, Mr. and Mrs. Miles, Mr. and Mrs. Duplain, and the Irish, Miss J. Anderson, Miss Twiggwell, Miss Darby, Mr. M. Anderson and Mr. Harvey.

A HOT TIME
Guest: Mr. Manager, the minute I came in your water poured a plate of hot soup over me.

Waitress: (to waiter): Frits, you mustn't greet the guests too warmly.

Black Chantilly lace, used with fine white satin, fashions the panties and bandeau of a bride's set.

Why Women Wanted
And Science Developed
A New-Type Hygiene

By ELLEN J. BUCKLAND
Registered Nurse

MODERN women with the business world to face, and a more tense social life to lead, demanded greater protection in meeting their greatest hygienic handicap. As a result, the old-time sanitary "pad" is fast disappearing.

Over 80% of better-class women now employ KOTEX—more than a sanitary pad; true scientific protection. Filled with Cellulose wadding, the newly perfected super-absorbent, it is five times as absorbent as ordinary cotton pads.

Kotex also DEODORIZES while it acts. Also, it is discarded easily

as tissue. No laundry, no disposal problem. Packed 12 in a box. At any store. Look for name Kotex on the box. If it is not there, take care; it is not real Kotex.

KOTEX
No laundry—discard like tissue

GOOD TEMPLARS OF B.C. CHOSE OFFICERS

At Convention Here Saturday; Presentation to Mrs. Watson

The Grand Lodge of British Columbia of the International Order of Good Templars opened its forty-first annual session in Victoria on Saturday with a large array of officers and members from various parts of the Province. Grand Chief Templar Brother Jos. Carlson presided while the inspiring ritual service of the order was observed.

Features of the day's sessions were the retiring Grand Lodge officers' reports and the annual election of officers as follows: Grand Chief Templar, Jos. Carlson (re-elected); Vice-templar, Mrs. Johnston (Vancouver); Supt. Juvenile Work, Mrs. Carlstrom; Supt. Temperance Education, J. Fletcher; Electoral Superintendent, C. Lindstrom; Secretary, F. Harrison; Treasurer, C. Wilson; Chaplain, Mrs. C. C. A. Loring; Marshal, Mrs. Swanson; Deputy Marshal, Mrs. Ward; Assistant Secretary, Miss Johnston; Guard, H. Williams; Sentinel, Clara Gilley; Messenger, Mrs. Hoey; Councilor, W. Waugh; Past Grand Chief Templar, A. Molander; Deputy International Chief Templar, J. Fletcher.

The social functions of the day consisted of luncheon at David Spence's limited private dining-room, where International Grand Councilor Catterall of Seattle was the guest of honor, and a banquet in the evening at Stephen's Hall.

The banquet tables were tastefully decorated in mauve and yellow with a basket of home-made candies for each guest. To symbolize the work of the order the tables were arranged in the form of a "T," signifying temperance.

A presentation of a silver cake tray was made to Mrs. Watson of Victoria who has been a faithful member for many years and for the past thirteen years the treasurer of Triumph Lodge of Victoria.

A programme was given during the evening consisting of piano selections by Misses Fenerty and Wood, recitations by Mrs. Dearborn and vocal selections by Mrs. Baker and the Misses Watson.

Build with Canada

AND take a MAYTAG! Whether you make your home in the fast developing border lands or in the established centers of population you will need the reliable services of this great washer. It, too, has built with Canada. Faith in the progress of the Dominion has in 25 years brought the Maytag from a position as a little known product to its present undisputed place as the most popular washer.

Put your faith in Canada and make your home here. Depend upon a Maytag to simplify your household duties in that home. Then your future happiness, in so far as it is within the power of country and modern equipment to bring happiness, is assured.

Phone—
Use a Maytag in your home next wash-day—FREE. Test-try—compare the Maytag in any way you wish. If the Maytag doesn't sell itself, don't keep it.

HAWAIIAN SCENE IN "THE RED WIDOW"

One of the big hits of the musical comedy to be presented by the Gyro Club on Thursday, Friday and Saturday of this week at the Royal Victoria Theatre will be the Hawaiian scene, in which Dolly Spencer will do a solo dance.

BELOVED TEACHER DIED YESTERDAY

Late Miss Jenny Macleod
Taught at High School
Since 1914

Miss Jenny Isabel Macleod, for many years one of the most popular and brilliant teachers at the Victoria High School, passed away Sunday afternoon at her home, 86 Howe Street, after a lingering illness. Beloved by all the pupils whom she taught, as well as by her associates at the High School, her death will be mourned with sincere regret by a host of friends, among whom are numbered many former pupils.

The late Miss Macleod was born in Prince Edward Island, a daughter of the late Judge Macleod and Mrs. Macleod. Her mother predeceased her in November last.

Graduating from Acadia University with her B.A. degree, Miss Macleod came to Victoria in 1910 and was appointed to the staff of the George Jay School.

In 1914 she was appointed to the Victoria High School as teacher of English, and remained there until a few months ago, when she became seriously ill. Miss Macleod had a gift for teaching, her pupils acquiring themselves with distinction under her careful training. To this gift she added a disposition which endeared her to all her pupils and to all with whom she was associated during her career in this city, and in her passing the Victoria High School suffers an irreparable loss.

Funeral services will be held from the B.C. Funeral Chapel to-morrow at 4 o'clock, proceeding to Christ Church Cathedral, where Very Rev. C. S. Quinlan will conduct the services. Interment will be made at Royal Oak Burial Park.

OTTAWA WOMAN TO OFFICIATE AT BIG CONSERVATIVE PARLEY

Winnipeg, Sept. 26.—Mrs. P. A. Wheeler of Ottawa arrived in Winnipeg last night to assume charge of special invitations that are to be sent out to the wives of Senators, Privy Councillors and delegates to the Conservative National Convention. Mrs. Wheeler is the first member of the organization staff to reach Winnipeg. She will get the work started this week in preparation for the coming of General A. D. McRae, general chairman of the convention committee and other secretaries. Plans are progressing satisfactorily for the seating and housing of delegates. A large representation from all the provinces was assured, Mrs. Wheeler said.

HOSPITAL PATIENTS ENJOY FINE MUSIC

Miss Harriet Murton, who left yesterday afternoon for her home in San Francisco to continue her musical studies, gave very much pleasure to the patients of St. Joseph's Hospital before she left with a delightful programme. Her contributions included: Italian group, "La Melodia" (Toisti); "Vissi d'Arte" from La Tosca (Puccini); French aria from opera "Louise" (Carpentier); Chanson, "Ouvre tes Yeux Bleus" (Massenet); English, "The Pool of Quietness" (Cantor); "Love's in My Heart" (Woodman); "Yesterday and To-day" (Epperson); "The Robins' Song" (Howard White); Latin, aria, "Ave Maria" (Bach-Guonod). Other vocalists enhanced the interest. They included A. Gard, baritone, who sang "It is Enough" from Elijah; "Song of Hybris, the Cretan" (Elliott); "The Two Grenadiers" (Schumann). Miss Murton and Mr. Gard also sang the duet, "Song of Love" from "Blossom Time" (Schubert). Capt. P. L. W. Money gave with much pathos the "Ora Pro Nobis" of Piccolomini. Mr. W. H. Watts was at the piano.

JOCK IS WINNER

New York, Sept. 26.—E. B. MacLeang Jock, ridden by Jockey Ambrose, won the Potomac Handicap, \$20,000 purse, the feature of Saturday's card at Havre de Grace. Leading from the rise of the barrier, Jock covered the mile and a sixteenth in the new track record time of 1:44 3-8. The performance clipped one-fifth of a second off Man o' War's record.

H. P. Whitney's Whiskery was second and Mike Hall third. Whiskery was a heavily played favorite.

HELEN WILLS — ALWAYS A STAR—Even at the International Polo matches at Meadow Brook, Long Island, Helen Wills, although out of her sporting element, starred in the fashion promenade in the paddock between the halves. With her here is Frank Hitchcock, brother of Thomas Hitchcock Jr., whose playing featured the matches. Observe, please, Helen's get-up—particularly that parasol!

LORD WILLINGDON PRAISES COURSE

Jasper Golf Links Will be as
Famous as St. Andrews,
Governor-General Says

Jasper, Alta., Sept. 26.—The chief pastime of His Excellency the Governor-General during his vacation at Jasper Park Lodge is golf. He is enjoying his game too. "I never saw a course like it," he remarked. "It will be as world-famous as St. Andrews some of these days, although, of course, entirely different."

Far away from Ottawa and the incessant round of vice-regal duties, here with Mount Edith Cavell lifting her white beauty on one hand, the Whistlers, on the other reflecting their padded and Autumn-toned slopes in the shining sheet of Lac Beauvert, His Excellency is getting quiet and rest.

Lady Willingdon, tireless golfer as she is, finds time for a great many other things. No matter how cold the water may be she does not like to miss her early morning swim, and at 7.30 last Friday morning, after a strenuous Thursday, which included thirty-six holes of golf, she set off on an expedition to Maligne Lake. The trip was made by Her Excellency, Lord Hardinge, the Hon. Ruby Hardinge, Capt. the Hon. Freeman-Thomas and Mrs. Hon. Freeman-Thomas, accompanied by R. H. Knight, acting superintendent of Jasper National Park.

To-day Lady Willingdon and several other members of the party, including Mrs. Osborne, who did not take the Maligne trip, are on a fishing expedition to Caledonia Lake, above the Miette River.

Yesterday morning Their Excellencies and the other members of the vice-regal party attended divine service.

Three Seizures of Gasboats Are Made

San Francisco, Sept. 26.—The coast guard's war on small boats suspected of carrying gasoline and provisions to offshore rum ships resulted Saturday in the third seizure within a week.

A small motorboat, heavily laden with gasoline was taken at a wharf here Saturday. The gas yacht El Toro was taken offshore, and a launch seized at a wharf earlier in the week.

"Dad, a man before he's wed is called a bachelor, isn't he? What does he call himself after?"

"It isn't fit for little boys to know."

BAFFIN ISLAND EXPEDITION ON WAY HOME

Important Discoveries Made During Three Months in Arctic Region

Entire Map of North America Has Been Changed, Says Message

Auburn, N.Y., Sept. 26.—Station ADNE last night picked up a radio message sent out by Donald Cadzow, ethnologist accompanying the Putnam Baffin Island expedition, aboard the schooner Morrissey, off the coast of Labrador.

The message follows in part: "The Putnam Baffin Island expedition, which left New York City early in June is now off the coast of Labrador, homeward-bound, after three months in the Arctic region. Due to the energy of the geographical unit of the expedition, 5,000 square miles have been taken off the map of the west coast of Baffin Island. It is important that the entire map of North America has been changed. A new range of mountains has been discovered, and Furry and Hecla Straits have been visited for the first time since 1923.

UNKNOWN RACE
"Collections by the ethnologists' representatives of the life and culture of Baffin Island Eskimos were gathered. Ancient houses of a hitherto unknown people, which we call the Tunnies, were excavated and many valuable specimens found. These people lived in the Arctic with the present Eskimos. Where they came from or where they went is not known. A further study may shed some light on the Arctic mystery. "Specimens of the rare blue goose were obtained by ornithologists. Data gathered by geologists indicates that the island was once solid with the coast of Labrador, on the continent, and observations indicate it is still rising from the sea.

"Battered from her strenuous summer, the little Morrissey is now lying in a protected harbor on the coast of Labrador awaiting for a sixty-mile gale to subside. The next stop will be Sydney, N.S. for supplies, and then the expedition will sail for New York and home."

MODAVIA IS FINE FREIGHT CARRIER

On her first voyage from the United Kingdom to North Pacific ports and her second voyage since she was built, the new Donaldson line motorship Modavia arrived here at 10.15 o'clock yesterday morning. She is the third vessel to arrive here in the re-organized Donaldson service to the North Pacific. Capt. W. E. Mitchell is in command. The Modavia made her maiden voyage to Montreal and return from the United Kingdom, this being her second trip. She made a fine voyage out and encountered favorable weather most of the distance. She remained in port here till the morning, discharging about fifty tons of cargo, including port wine, malt extract, bread, china, stationery, and general merchandise. The Modavia is an excellently equipped freight carrier and measures 387 feet in length, with a beam of 43.4 feet and a depth of 27.5 feet. She is of 2,850 tons net. There is no passenger accommodation.

Whales Are Not Monogamists, Says Dr. Stanley Kemp

Falmouth, Eng., Sept. 26.—After two years of scientific research in the extreme Southern Seas, Capt. Robert P. Scott's old Antarctic ship Discovery returned here yesterday, having suffered no casualties in the struggles with the icefields.

The expedition gathered valuable information, especially about the life habits of whales. Dr. Stanley Kemp, the leading scientist aboard, told newspapermen that on the disputed marital habit of whales, they are not monogamists. On the contrary, he declared, they have, so to speak, "a wife in every port."

JEFFERSON IN FROM FAR EAST

American Mail Liner Here This Morning With Cargo From Orient Ports

Completes Third Round Trip in "Horseshoe Schedule," Brings List of 241

Completing her third round trip in the joint Dollar and American Mail Line horseshoe schedule, the Ss. President Jefferson, Capt. F. R. Nichols, called at Victoria this morning on her way to Seattle. She tied up at the Outer Wharves at 7.30 o'clock and after discharging here, cleared for the Sound three hours later.

The Jefferson brought a passenger list of 247, including sixty-one cabin passengers. Forty-five people left the vessel at this port, of whom forty were cabin passengers disembarking here: Mrs. H. Calderwood, Mrs. F. M. Col-rador, Miss Jean Gales, Mrs. E. S. Huebner, and Miss Constance E. Ward.

UNITED STATES COLONEL DIES
On board the vessel was the body of the late Col. C. H. Hill, who went to China with the first draft of United States marines for China. Col. Hill took his own life while in the Orient, and his body was brought back for burial. All the flags of the United States fleet in Chinese waters were at half-mast, in mourning for Col. Hill, who was well known in naval circles, as Admiral Williams is on his way to Washington, D.C., accompanied by Mrs. Williams. Capt. J. C. Holmes, his aide, was also in the party.

PROMINENT PASSENGERS
Other passengers included: Capt. A. G. Balfour Jones, of the Coast Guard, returning to London from duty in Shanghai; Mrs. Ethel M. Huebner of Tokyo, on a visit to relatives in Montreal; A. Baurass, lace buyer returning from a business trip to Shanghai; J. E. Covington, Oriental manager for the Universal Leaf Tobacco Company, en route to Richmond, Va.; E. L. Karson, Far Eastern missionary on his way to Chicago with his family; Corp. W. P. Phillips, Corp. D. A. Shumway and Private T. McLean, staff players of the U.S. marine corps football team en route to Quantico, Va., to play for their team; Gen. Tchang Sun, Gen. T. Chign and Mrs. Wu, H. Y. Lee, H. C. Chang and Chia Yen, Chinese delegates to the International Radio Conference at Washington, D.C., and Dr. W. H. Venable, missionary from Kuling, China, returning with his wife to Cawaba, Virginia, to take up a position in the sanatorium there.

The Jefferson discharged about 260 tons of general cargo here. She took a large cargo on to Seattle, including a valuable shipment of silk.

FISH COMMISSION MEMBERS CHOSEN

Easterners Will Inquire Into Matters Relating to Fishing in Maritimes

Ottawa, Sept. 26.—The Royal Commission to enquire into and report upon all matters relating to the fishing industry of the Maritime Provinces is composed of Mr. Justice A. K. MacLean, president of the Exchequer Court of Canada, chairman; H. R. L. Bill, Lockport, N.S.; Hon. Joseph Mombourquette, L'Ardoise, N.S.; Prof. Cyrus MacMillan, McGill University, and J. C. Robinson, St. Stephen, N.B. The order-in-council appointing the commission was passed late Saturday.

Mr. Justice MacLean is now in Vancouver presiding at a sitting of the Exchequer Court, which is nearing completion. He is expected to return early in October when the commission will be constituted and begin its work.

Los Angeles, Sept. 26.—A Federal investigation of conditions aboard certain tramp steamers in the coastal trade of North and South America was under way today as a result of charges made by sailors to United States Commissioner David B. Head and other officials approximated the "hell ships" of sailing days of old.

NEW SETTLERS LAND AT QUEBEC

Church of England Party Arrives by Three C.P.R. Liners

Quebec, Que., Sept. 26.—The largest Church of England party of future citizens that has come out to Canada this year arrived in Quebec on Saturday, when twenty-nine men traveling in charge of Mr. McDougall were landed from one of the fleet of three Canadian Pacific Railway steamers which docked at Quebec inside twelve hours.

In all some 600 new settlers, nearly all British, were landed from the Minnedosa, Metagama and Empress of Scotland. There were farm hands and domestics among the new citizens, the majority of whom were experienced farmers. As soon as they had passed their examinations they were sent to various destinations by special trains.

LOCOMOTIVE FAIR STIRS BALTIMORE

"King George V." and New C.P.R. Engine Greeted by Thousands at Exhibition

Baltimore, Md., Sept. 26.—Saturday, Baltimore played "Rule Britannia" as "King George V." and C.P.R. "No. 2393" were paraded in the city. The locomotive of the pair of the Iron Horse, Baltimore and Ohio Railroad's Exhibition, moved around the vast loop track before the grandstand; while Indians on horses, or cars, prairie schooners, and all manner of vehicles, illustrating early transportation passed along, forming a colorful spectacle.

The Fair of the Iron Horse is the greatest transportation exhibition ever held here, and as fascinating to laymen as to railwaymen. The pageant was composed of floats and locomotives, ancient and modern, which moved around the vast loop track before the grandstand; while Indians on horses, or cars, prairie schooners, and all manner of vehicles, illustrating early transportation passed along, forming a colorful spectacle.

Among the speakers Saturday were Governor Ritchie of Maryland, and President Willard of Baltimore and Ohio. The Fair of the Iron Horse will be open until October 8.

SPOKEN BY WIRELESS

SEPTEMBER 25, 8 p.m.—Shipping: CANADIAN ROVER, 655 miles from Victoria, bound Victoria. ASTORIA, bound Vancouver, 1,515 miles from Vancouver. FORDPHEED, 2,218 miles from Victoria, bound Yokohama. HOTESA MARU, 1,020 miles from Esveven, bound San Francisco. TABITI, Sydney for San Francisco, 1,445 miles from San Francisco.

September 26, noon—Weather: Prince Rupert, B.C., southeast, strong; 20.50; 58; sea rough. 10.30 a.m. Cania left Anxox, northbound. Pachen—Rain; southeast, fresh; 20.85; 55; sea choppy. Estevan—Rain; southeast, fresh; 20.78; 56; sea moderate.

Seasonal Changes in Travel Fares Across Atlantic

Southampton, Eng., Sept. 26.—Transatlantic passenger fares for the future will change with the seasons. Cheaper rates for steamship passage are to prevail during the Fall and Spring as well as the Winter. The action of steamship officials has been taken to stimulate business in what are known as the "off" seasons. By the new arrangement, agreed to by all of the principal transatlantic companies there will be three different tariffs, one for Summer when travel is heavy, one for the intermediate season, the Fall and early Spring, and another for midwinter when travel is light.

The reductions on the more luxurious liners, such as the Majestic, Berengaria and Leviathan, in some instances, amount to ten to fifteen per cent from the summer tariff.

Mother—Now, Jimmy, suppose you were to hand Willie a plate with a large and small piece of cake on it, wouldn't you tell him to take the larger piece?
Jimmy—No.
Mother—Why not?
Jimmy—Because it wouldn't be me.

HAILED AS WINNER OF BENNETT RACE—Here are the balloon and the balloonists which have "unofficially" been proclaimed the winners of the James Gordon Bennett race, which started from Detroit and ended 800 miles to the southeast. The balloon is the Detroit; the balloonists, inset, are A. G. Schlosser (left), aide, and Ed. J. Hill, pilot. The photo of the balloon was taken as it took off at Detroit.

Fair of Iron Horse Tells History of Railway in Pageant

Baltimore, Sept. 26.—"The Fair of the Iron Horse," commemorating the centenary anniversary of the Baltimore & Ohio Railroad, opened Saturday at the Fair of the Iron Horse, Baltimore and Ohio Railroad's Exhibition, moved around the vast loop track before the grandstand; while Indians on horses, or cars, prairie schooners, and all manner of vehicles, illustrating early transportation passed along, forming a colorful spectacle.

Even ancient locomotives were under their own steam. Conspicuous was the engine of the Baltimore & Ohio Railroad, which occurred Saturday morning, bringing instant death to William Ewing and serious injury to Mortimer and J. St. Hill, both col-

The Western Union Telegraph Company and the American Telephone & Telegraph Company have special exhibits showing the telegraph and telephone are the "second eyes of the railroad."

The Post Office Department and the Post Office Telegraph Company have elaborate exhibits showing the close co-operation of railroads in the handling of mails and express.

By the new arrangement, agreed to by all of the principal transatlantic companies there will be three different tariffs, one for Summer when travel is heavy, one for the intermediate season, the Fall and early Spring, and another for midwinter when travel is light.

Pinnacle Rock No More Menace In Alaska Seas

Juneau, Alaska, Sept. 26.—Wire brushers have combed Alaskan waters clean of dangerous pinnacle rocks in the last few years so that during 1926 no one wreck occurred. Obstructions to navigation used to be discovered by running into them—then naming them after the ships they wrecked. But to-day the southeastern inland passage to Alaska from Puget Sound is as safe as the Panama canal. In the period between the purchase of Alaska and 1920 there were over 500 wrecks along its coast.

The United States coast and geodetic survey has dragged the entire coast with wire nets to a depth of eight-fifty feet and mapped every foot of it for navigators.

NOTICE TO MARINERS

BRITISH COLUMBIA
(187) Order Channel—Captain Cove—Light
Position—On north extremity of Inner Island, south side of Captain Cove. Latitude N. 53 deg. 48 min. 30 sec. Longitude W. 130 deg. 11 min. 45 sec. taken from Admiralty chart No. 2403 (Edition, July, 1920).
Character—Fixed white oil light shown from a lens lantern.
Elevation—Seventeen feet.

Canadian Winner—Left Quebec for Victoria September 17.
Canadian Conifer—Arrived Ocean Falls September 21.
Canadian Rover—Left Ocean Falls for San Pedro September 20.
Canadian Observer—Arrived Vancouver September 21.
Canadian Rover—Left San Pedro for San Francisco September 21.

TWO DIE AFTER SHIP EXPLOSION

N. Mortimer of Vancouver and W. Ewing of Halifax Killed on Canadian Carrier

Halifax, N.S., Sept. 26.—N. Mortimer of Vancouver, colored, died yesterday from effects of burns suffered in the explosion on board the Canadian government merchant marine steamer Canadian Carrier, which occurred Saturday morning, bringing instant death to William Ewing and serious injury to Mortimer and J. St. Hill, both col-

The explosion occurred off Halifax Harbor shortly after the steamer sailed for the Barbados. A main stovepipe blew off in the engine room, filling the compartment with dense, scalding steam, and trapping the three victims. The steamer doctor of the Red Star liner Arabic, which was about to enter the harbor, was the first to reach the scene. Ewing was taken out of the engine room dead. He was a native of Halifax, and St. Hill's home is in Barbados. The freighter was towed back to port for repairs.

The time used in Pacific standard for 10th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for high water serve to distinguish high water from low water. Where blanks appear, the tide is either high or low continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, measured from the average level of lower low water.

SEATTLE SHIPPING WHEAT TO ENGLAND; FLOUR EXPORTS HIGH

Seattle, Sept. 26.—Bringing wheat shipments through the Port of Seattle grain elevator at Harbor Street up to 3,500,000 bushels for the month of September, six cargo carriers will lift a total of 15,000 tons of wheat during the coming week, according to figures released by the port commission. The largest single shipment is a full cargo of 6,500 long tons to be lifted by an unnamed steamship under charter to Kerr-Gifford & Company for delivery to the United Kingdom. October inquiries indicate as heavy, if not heavier, shipment.

The bulk of the grain is going to the United Kingdom or Continental Europe, although included are two package shipments to the Orient.

The vessels with amounts of grain booked and destination include the N.Y.K. liner Yama to load 2,000 tons for Japan; the Paris Maru of the O.S.K., 2,000 tons for Japan; the Wilram of the North German Lloyd, 2,000 tons for Europe; motorship Delbank of the East Asiatic Company, 1,000 tons of sacked wheat for South Africa; the Holland American liner Dredhtyk, 1,000 tons for Europe; and the Kerr-Gifford boat for Europe.

The Wilram of the North German Lloyd, is the first vessel of the new service between the Pacific Coast and Europe and besides the grain will lift lumber and a consignment of apples, said to be the first large shipment of this commodity to leave this port this year.

The Dredhtyk of the Royal Mail and Holland American line will lift a further consignment of 1,000 tons of wheat at the West Seattle elevator. Exports of flour from Puget Sound for the week ended Friday, in barrels by destination to foreign ports, were: North China, 14,265; Hongkong, 45,253; Manila, 14,750; Kobe, 25; United Kingdom, 5,715; Peru, 2,000; Chile, 2,500.

Vessel Aground in Puget Sound Canal

Seattle, Sept. 26.—The lumber-laden freighter Corralles ran aground in Lake Washington ship canal Friday night and was still fast in the mud Saturday night after three tugs had worked all day in an effort to float her. The craft was leaving a Lake Washington mill when it ran out of the narrow channel. As the bottom is mud, she is presumably undamaged. The vessel belongs to the BaySide Steamship Company.

The steamship Admiral Farragut and Dorothy Alexander will be transferred to the Seattle-California service from the Seattle-Alaska route when the Fall and winter schedule goes into effect in October, the Pacific Steamship Company announced here yesterday.

Eleven thousand bags of Cuban sugar were brought to Seattle yesterday by the steamship British Monarch under charter to the Canadian Transport Company.

AUTO FERRY ROUTES

VANCOUVER-NANAIMO SERVICE
Mc Motor Princess and steamer Charming leave Nanaimo daily at 8.15 a.m., 10.30 a.m., 2 p.m., and 4.45 p.m.

The steamer Princess Royal leaves Vancouver on Saturdays and Sundays at 10 a.m. to Gulf Island points.

Rate No. 1907

REPAYMENT OF FEES IS NOW CONSIDERED

Dominion Fisheries Department May Have to Make Huge Refunds

Vancouver, B.C., Sept. 26.—Deprived by judgment of Mr. Justice W. A. Macdonald in the Supreme Court on Friday in an unsuccessful prosecution of the Somerville Cannery Company Limited, of nearly \$1,000,000 annual revenue from British Columbia cannery licenses, the Dominion Fisheries Department might, as a result of the decision, be required to repay license fees which have been paid by cannery operators under this apparently illegal exercise of federal powers.

This aspect of the situation is being considered here by the cannery legal advisers. The amount of money thus involved runs into a large figure.

LARGE SUMS

Not previously attacked in all its sixty years' existence, Section 7A of the Fisheries Act has produced a large revenue for the federal department. Including the cannery license fee and the assessment of four cents a case on wockeye and three cents a case for other salmon packed, the receipts have approximated \$1,000,000 during recent years.

NEWS IN BRIEF

The Equine Liberal Association will hold its weekly drive at 8 o'clock this evening at headquarters on Esplanade Road. There will be good prizes and refreshments.

The monthly meeting of the Arts and Crafts Sketch Club will be held in the clubrooms, Union Building, on Tuesday afternoon at 3 o'clock, when John Parker, of New York, will address the members.

The Metropolitan Brotherhood are planning to hold a high-class concert on Tuesday, October 4. At their last regular meeting Dr. Sippell gave his impressions of California as received during his recent visit to the South.

Immediately following the regular meeting of Victoria Lodge No. 1 tonight Odd Fellows intend to hold the first of a series of "get-acquainted dances" in the small hall. A cordial invitation is extended to all Odd Fellows.

Members of the Victoria Women's Institute intending to visit the Solarium on Wednesday and who have not yet done so are requested to hand in their names to the president at 5533 St. George Street, without delay, so that arrangements may be made for transportation, which is being provided free.

Rev. Thomas Menzies, superintendent of neglected children for British Columbia, will be the speaker at the weekly luncheon of the Kiwanis Club to be held to-morrow at 12.10 o'clock at the Chamber of Commerce. He will take as his subject "Child Welfare."

Saturday's tag day in aid of the maternity ward of St. Joseph's Hospital netted the handsome sum of \$807, and the Sisters and members of the Ladies Auxiliary wish to record their gratitude to all who responded so generously to the appeal, as well as to all the workers and taggers who lent such untiring assistance.

At the Crystal Garden next Friday evening the Co-operative Comedy Company will offer a typical Charles Hawtrey farce, "The Arabian Nights." This will be the second stage presentation of the season at the Crystal Garden, and each succeeding Friday evening another farce comedy will be provided by Mr. and Mrs. Legge-Willis and their company of local artists.

Gum Wah, Chinese logger, killed when he leapt from a logging train at the Shawinigan Lake Lumber Company woods camp, on Friday evening last, met his death accidentally. The coroner's jury considering the case brought in this verdict at the Thompson Funeral parlour this morning. Provincial Police handled the details of the inquiry and Coroner Dr. E. C. Hart officiated at the hearing.

The Burnside bowling season will close on Friday evening next with a grand rally of all the members of both clubs at Hampton Hall. The honorary president of the club, Hon. P. A. Pauline, British Columbia's agent-general in London, who is now visiting the Province, is expected to be present. Prizes will be distributed to the winners of the season's competitions. Refreshments will be served by the ladies' club and George Ingledew and others will entertain. Dancing to the music of the Orchestra will conclude the programme.

R. D. Merritt, charged with securing a sum of money by false pretences from a Chinaman named Gow in this city, was remanded a second time in this verdict at the Thompson Funeral parlour this morning. Provincial Police handled the details of the inquiry and Coroner Dr. E. C. Hart officiated at the hearing.

The prisoner to-day explained that at the time he cashed a cheque for \$15 here, the bank would not accept his signature on cheques of the company in which he had formerly been a partner, and which he at that time he had already bought. He is pleading not guilty to the charge and has elected summary trial. He is not represented by counsel.

MACLEAN EXPECTED HERE BY WEEK-END

Manson Goes to Vancouver For Big Laurier Club Meeting To-night

Premier MacLean is expected back at the Parliament Buildings late this week after his trip through the southern interior of the Province. The first fully-attended meeting of the Cabinet for some time will probably be held on Friday, following the Premier's return.

Meanwhile Members of the Cabinet are widely scattered. Attorney-General Manson went to Vancouver last night to deliver an address before the Laurier Club there to-night. Mr. Manson's subject will be a large one, embracing the progress of British Columbia in all directions in the last decade. Great interest is being displayed on the mainland in the address which will be heard by many of Vancouver's most prominent business men.

Hon. E. D. Barrow, Minister of Agriculture, has gone to the Fraser Valley to look over the harvesting of the giant clover crop which is being grown on the Government's reclaimed area at Sumas.

SESSION OF WATER INVESTIGATION IN VICTORIA PLANNED

Victoria will be the scene of one of the sessions of Major W. G. Swan's irrigation inquiry now under way in the Okanagan Valley. It is expected that Major Swan, who is investigating water problems independently on the instructions of Hon. T. D. Pattullo, Minister of Lands, will wind up his inquiry here.

The Victoria session will not be held for some time yet as Major Swan has not completed sessions which he is holding at many points in the interior. A meeting, however, is considered necessary, so that Government officials may be heard in giving evidence about the interior water systems in which the Provincial Government is interested.

Major Swan is expected to complete his investigation and file a report with the Government before the end of the year. It will thus be available for the information of the Legislature at its next session.

E. J. PRATT TO SPEAK BEFORE CANADIAN CLUB

E. J. Pratt, Canadian poet, will be the speaker at a joint luncheon of the Canadian and Rotary clubs on Thursday. The luncheon will commence at 12.10 p.m. in the Empress Hotel. Mr. Pratt is a lecturer in English literature at the University of Toronto and his name is prominent among Canadian literary men.

NEW HEALTH OFFICER IN SAANICH BUSY

Dr. Berman to Start Medical Inspection of Schools Thursday

Dr. D. Berman, recently appointed full-time medical health officer for Saanich, will commence a series of medical inspections of the children of the Saanich schools on Thursday. It is Dr. Berman's intention to make a thorough medical and physical inspection of all beginners at first, and when all the beginners in the Saanich schools have been thoroughly examined, he will do the same with the older students.

On Thursday morning Dr. Berman will commence with Tillicum School, and as he is anxious to co-operate to the fullest extent with the parents, has invited the members of the Tillicum School beginners to meet him at the school at 9 a.m. In the meantime the teachers have sent out a question card to each child's home, which is to be filled in and returned to the school, containing information as to the child's age, nationality of the parents, and whether the child has ever suffered from chicken pox, mumps, measles, scarlet fever, diphtheria, whooping cough, pneumonia, pleurisy, rheumatism, and St. Vitus dance.

This information, together with the results of Dr. Berman's physical and medical examination, will be carefully recorded and filed, so that when the school inspections are finished Saanich will have a complete record of the physical condition of every child of school age.

Dr. Berman, who has come to Saanich through the agency of the Rockefeller Foundation, is a Canadian. He graduated from McGill University, where he later taught public health and bacteriology. He also was professor of hygiene and sanitation, as well as school health officer at Antioch College, but recently has been a health officer in West Virginia, coming from that work to take up his duties in Saanich.

DUNWELL MILL BUILT TOO SOON, HAGGEN ASSERTS

Vancouver, Sept. 26.—The weak point with Dunwell has been the failure to develop more than sufficient tonnage of ore to cover the cost of the mill, which is now being operated. E. A. Haggen, mining engineer and editor says in a statement issued here on the Dunwell situation, "The management claimed the average value of the ore to be around \$25 a ton; and it was expected the cost of production would be less than \$15 a ton. Although the initial cost of the mill was 100 tons a day, it is now capable of handling about 150 tons a day."

On the official estimates of the management the company should now be earning a profit of about \$1,500 a day. On these figures the company should be earning \$500 a day. But it isn't, and why?

The ore is complex. It carries values in gold, silver, copper, and zinc. The concentrates are shipped to Great Britain for treatment on a basis which is a little more favorable than Trail. The rates for the concentrates are paid by the mill. The mill is now being operated at a loss of about \$1,500 a day.

CRACK POLICE SHOTS CAPTURE CHAMPIONSHIP

Victorians Back From Fort Lawton With Western Canadian Trophy

Victoria's five man police team came back from the International Revolver shoot at Fort Lawton, Washington, with the perpetual challenge cup representing the Canadian western championship.

Police headquarters here was jubilant this morning. With teams of various cities competing against them, the five Victoria marksmen stood up in the last stages of the competition and shot 150 points better than they did last year to win handsly.

Marcus Phipps was the high scorer of the local squad. He fired 417 out of a possible 450. In the "running man" target competition, Phipps turned in a perfect card. "He fired a 'beautiful' possible, 150 out of 150."

William Stark was second in the ranking Victoria shots, with a score of 408.

Albion Wells turned in three cards of 82 in events where 100 was the maximum and was among the best marksmen on the range in every event. John Rogers shot well, and Walter Caldwell fired with precision and boosted his teammates up the ladder.

Each of the five contestants from Victoria won medals for their shooting.

GYROS LOSE BETS AND WALK STREETS TO BOOST COMEDY

Six Clubmen to be "Sandwich Men" All Week to Advertise "The Red Widow"

Gyros Entertain Members of Cast at Luncheon To-day at Chamber of Commerce

Six members of the Gyro Club had to turn "sandwich men" to-day in order to pay off a wager made on the Dempsey-Tunney fight. For an hour after the luncheon held at the Chamber of Commerce they paraded the streets with a billboard on either side of them advertising "The Red Widow," the musical comedy which the club is producing at the Royal Victoria Theatre on Thursday, Friday and Saturday of this week.

Prior to the heavyweight fight twelve clubmen got together and six of them took Tunney and the other six Dempsey and it was agreed "The Red Widow" would be advertised "The Red Widow" to-day the men on the losing end started out to pay their debt. They will parade for an hour each day this week on the streets.

The Gyro Club to-day entertained the entire cast of "The Red Widow" to luncheon.

C. H. Lewis, who is producing the show, said that everything was going splendidly and that he was more than pleased with the way the cast has taken to the show.

"I am quite sure that it will be the finest musical show this city has ever seen," he said.

Gyro Sid Chivalier, manager of the show, said that his final instructions to the ticket sellers and other members of the show, was to announce the several large parties have already been booked for opening night.

Gyro Bill Hudson led the big gang in a comical sing-along.

President Archie Willis extended to the members of the cast the appreciation the club felt for their untiring efforts in the local production.

A show which promises to be one of the outstanding of the season.

BULKLEY VALLEY LANDS SCHEME IS SUBJECT OF ISSUE

F. M. Rattenbury Asks Courts For Declaration Land Settlement Act is Invalid

Charges "Confiscation" of 40,000 Acres in North Interior Section of Province

A declaration that the Land Settlement and Development Act is ultra vires of the Provincial Legislature is the main object sought in proceedings, opening to-day before Mr. Justice Morrison in Supreme Court Chambers here, in Rattenbury vs. the Land Settlement Board, argument on interim pleadings of the trial.

R. A. Maclean, K.C., for the plaintiff, F. M. Rattenbury, argued that the Land Settlement Act was ultra vires because it was in effect indirect taxation in that the penalty provisions for the non-improvement of land were passed on by the encumbrancers. Mr. Maclean argued that the Land Settlement Board was a body corporate, and as such could be sued for its acts. He waived the right to proceed by petition of right in favor of a reference to the courts for the object of seeking a declaratory judgment on the validity of the act. An injunction on the Land Settlement Board and damages for alleged damages done to the plaintiff are other phases of the argument to be advanced.

In reply A. M. Johnson, K.C., submitted that the Land Settlement Board is a part of the Government of British Columbia, and as such could not be sued. Its powers were confined to specific purposes, and though it was described as a body corporate, it did not have any other functions than those expressly set out, and so could not be sued.

Forty thousand acres of land, situated 200 miles east of Prince Rupert, in the Bulkley Valley, is involved in the main issue. The land, declared Mr. Maclean, was purchased by F. M. Rattenbury in 1908-9, along the project route of the Grand Trunk Pacific Railway. Plaintiff intended to colonize the land and sell the holdings as the railway was completed, and paid a considerable price for the property. The railway was put through in 1914, followed by the war period which retarded the settlement plans until 1917. Then the plaintiff made preparations to proceed with his scheme. In 1917, continued Mr. Maclean, the Land Settlement Act was passed by the Provincial Legislature, with the object of promoting settlement by raising lands. The Land Settlement Board was made a corporation, with power to make agricultural loans and to buy land under the act.

The board approached Mr. Rattenbury, stated Mr. Maclean further, in negotiations which led to a \$8 per acre offer from Macleod Smith, the chairman of the board for the Rattenbury, holding of \$240,000 for the 40,000 acres. Though the land had cost between \$10 and \$11 by that time it was sold to the plaintiff at \$8 per acre, purchase price, interest, taxes and other charges, plaintiff had been ready to accept the board's offer of \$240,000. The agreement was never carried out. In 1919 the act was amended giving the board power to serve notice of arbitrary purchase on an appraised value and creating a penalty of an additional five per cent for land unimproved to a certain value per acre, \$2.50 per acre in the case of the plaintiff.

That meant, continued Mr. Maclean, that the plaintiff either had to sell his land at a figure far below the first offer by the board, and far below its cost to him, or else pay out \$20,000 a year to hold it under the im-

provement provisions. This, submitted counsel for the owner, was little short of "confiscation."

It was the 1919 amendments to the act that plaintiff asserted to be ultra vires of the Province, and now sought a court declaration to that effect, concluded Mr. Maclean.

Mr. Justice Morrison reserve judgment after argument which proceeded over a two-hour period.

R. MOSHER, FORMER U.S. CONSUL, DEAD

Wire Announces Sudden Death in New York; Here 1915 to 1924

Robert Brant Mosher, for nine years American consul here until his retirement three years ago, died suddenly on September 22 at Armitville, New York, according to a wire which reached his widow here on Saturday evening. Interment took place at St. John's Church, Forest Glen, Maryland.

A native of Washington, D.C., where he was born in December, 1856, Mr. Mosher was educated at Rock Hill College, Ellicott City, Maryland, in 1888, when he was thirty-two years of age, he was appointed clerk of the War Department, Washington, two years later being transferred to the State Department, and in 1898 to the chief bureau of appointments.

In 1903 he received his first consular appointment when he was sent to Colingwood, Canada. After a year there he was sent to Port Elizabeth, South Africa, in a similar capacity, holding the position of consul from 1906-1910. Promotion was given him at the end of this time and he was sent to Hankow, China, in 1910, as consul-general, and from there, in 1911, to Plauen, Germany. He was acting as consul at Cologne when the war broke out, and it was from there that he came to Victoria on his appointment, early in 1915, as successor to the late Abraham Smith.

In addition to his consular activities, Mr. Mosher had at various times done considerable writing, being editor for several years of the Executive Register of the United States, and also contributing articles to the Encyclopedia Americana.

He is survived by his widow, residing in Victoria, and one daughter by a former marriage, Mrs. Arthur Nicholls, in the United States.

The "Victoria Cathedral" number of "The Canadian Churchman" may now be obtained from parish representatives, or the Memorial Hall, 912 Vancouver Street.

Subscriptions—\$1.00 for six months; \$2.00 for twelve months—mailed to any address in Canada or Great Britain. Single copies, 15 cents.

All commissions on subscriptions given to children's committee funds for the new Cathedral.

REGINALD DENNY PLAYS IN HIGH SPEED FARCE AT CAPITOL THEATRE

Stage and Concert Attractions for the Week Include
Noted Vocalists

"Out All Night." Reginald Denny's latest farce comedy, has been booked as the feature attraction by the Capitol Theatre for this week.

Denny portrays the role of a wealthy young man, who meets, woos and marries the girl of his heart all in one evening, or rather one night. The innumerable comedy situations that are caused when an attempt is made to keep the marriage a secret during an ocean voyage should provide one of the most hilarious hours of entertainment imaginable. Denny's own inevitable sense of comedy value is predominant throughout and the climax is thrilling.

The leading feminine role is played by Marian Nixon, popular and talented

young actress, who is once more appearing with Denny, her last having been in "Rolling Home."

One of the largest and best known casts of featured players ever to support a star, appears in the picture and everyone of them deserves special mention. Wheeler Oakman, one of screenland's first leading men, returns to the screen as the villain of the picture while others are Dorothy Baris, Ben Hendricks Jr., Dan Mason and Lionel Braham.

The story was written by Gladys Lehman and adapted for the screen by Marcel Poret and John Ditz. William A. Seiter, who has directed Denny in virtually every one of his successes, was once more at the megaphone.

On the stage this week are the Charlton Sisters, with Mack in a novelty presentation with singing. Syd Barnes, the noted English monologist, and Aurelio Sciacqua the famous Italian tenor will be heard singing several high-class song compositions, which will bound to make a hit with music lovers in this city. The concert orchestra will also be featured with a beautiful programme for the picture attractions.

TIRES! THAT GIVE SERVICE are "Fire-stones," and we sell them on easy terms without interest.

Lieut.-Commander John Phillip Sousa, who will bring his famous band to the Arena for two concerts Monday, October 3.

SOUSA'S BAND TO RENDER EXCELLENT PROGRAMMES HERE

Nine Numbers Will be Included in Both Afternoon and Evening Performances

John Phillip Sousa, world famous band conductor and march composer, will be in Victoria with his band on Monday, October 3. He is booked for two performances at the Willows Arena, the first being in the afternoon at 3 o'clock and the second at 8.30 o'clock in the evening.

Programmes for the two performances are as follows—

AFTERNOON

Overture—"King Henry VIII"..... Matton

Cornet solo—"Bonds Capriccio"..... Saint-Saens

Suite—"Last Days of Pompeii"..... Sousa

(a) "In the House of Burbo and Stratonice"

Within the room were placed several small tables; round these were seated several knots of men drinking, some playing at dice.

(b) "Nydia"

"Ye have a world of light When love in the lowed rejoices. And the blind girl's home is the House of Night. And its beings are empty voices."

(c) "The Destruction of Pompeii and Nydia's Death"

Vocal solo—"On the Banks of the Beautiful Blue Danube"..... Strauss

Ballet music from "Aida"..... Verdi

INTERVAL

Rhapsodie "Espans" Chabrier

(a) The Saxophones—"At Sundown"..... Donaldson

(b) March—"Riders for he Flag"..... Sousa

Xylophone solo—"Dance of the Toy Regiment"..... Shikret-Green

Mr. Howard Goulden

Cowboy Breakdown—"Turkey in the Straw"..... Guion

EVENING

Overture—"The Flying Dutchman"..... Wagner

Cornet solo—"Carnival of Venice"..... Arban

Mr. John Dolan

Suite—"The Internationals" arranged by Sousa

(a) "Morning Journals"..... Strauss

(b) "The Lost Chord"..... Sullivan

(c) "Mars and Venus"..... Sousa

Vocal solo—"Aria" from "Traviata"..... Verdi

Miss Marjorie Moody

"Andante Cantabile" from Opus II

"Semper Fidelis"..... Tchaikowsky

INTERVAL

"The Feast of Spring"..... Ambrose Thomas

(a) Saxophone solo—"Beautiful Col-orade"..... De Luca

Mr. Edward Heney

(Three marches—

"Magna Charta" (new)..... Sousa

(This march was written at the request of the International Magna Charta Day Association, headquarters at St. Paul, Minn., and with the approval of Judge Elbert J. Gary.

The Magna Charta Association urges the observance of one day annually, in common, June 15—by the seven English-speaking nations—the United States, Canada, Newfoundland, Great Britain, Australia, South Africa and New Zealand, and it is dedicated to these nations to strengthen the ties which bind them together.)

"Stars and Stripes Forever"..... Sousa

"Semper Fidelis"..... Sousa

Xylophone solo—"Ghost of the Warrior"..... Grossman

Mr. Howard Goulden

Finale—"Carnival Night in Naples"..... Massenet

Encores selected from Sousa marches and popular numbers.

Betty Balfour Stars In British Offering At Coliseum Theatre

On the Stage Are Musical And Novelty Selections of Interest

The production at the Coliseum Theatre for the coming week is an all British show. Having as the feature picture Betty Balfour, the popular English screen star in the "Cabaret Kid," an English production. And also the British News Weekly, which is entirely English. For the vaudeville part of the programme the management has

Playhouse Cast Has Laugh Riot "Irish Justice"

Screen Offering to Follow Features "Bitter Apples"

Beginning to-day the Playhouse Players are offering that famous musical comedy riot, "Irish Justice," which gives this new organization an excellent opportunity to show its ability. It shows a morning session in court, when a regular judge is taken ill and sends a substitute to conduct the proceedings. As the substitute is absolutely ignorant of court procedure, the mistakes he makes are appalling, and laugh riots follow each other so quickly that it is really one long laugh from curtain to curtain. The cast for this production is as follows: Peggy Lewis, Charles Courtier, Will Marshall, Irving Whitley, George Dymally and Harold Bechtel. Also, augmenting the regular players are two dainty little dancers from the Violet Fowles studio.

On the silver screen is "Bitter Apples." Apples are attacked at times by a disease caused by a parasite fungus known as Glaseos porium fructigenum. The appearance of this disease is first recognized by brown sunken spots, resembling decay, but quite firm, which soon bear white or pinkish pustules, turning black. This is called "ripe rot" because, beginning on half-grown fruit, it matures only when the fruit is ripe, making rapid progress in stored fruits. The sickness also attacks grapes, peaches, pears and egg plants, and on account of the bitter taste of the affected portion it is also called "bitter rot." The Warner Brothers picture, starring Monte Blue,

Lon Chaney is now the owner of a complete costume of a full-fledged Chinese mandarin. The Warner Brothers picture, starring Monte Blue,

been a collector of Chinese works of art, recently purchased a mandarin costume which is said to have been worn at the time by a famous mandarin of Western China.

The costume was complete with the exception of the jade bands often worn by the high Oriental officials. It was during the filming of "Mr. Wu," Lon Chaney's latest Metro-Goldwyn-Mayer starring vehicle, at the Columbia to-day, that Chaney secured the valuable beads that made his costume complete. They were presented to him by some two dozen Chinese girls, students in the Los Angeles High

Schools, who claimed that they were imported direct from China following the Boxer rebellion. In addition to these Chinese girls, who play "atmosphere" parts in the picture, the supporting cast is a notable one, including: Renee Adoree, Gertrude Olmsted, Louise Dresser, Holmes Herbert, Anna May Wong, Claude King and others.

Panama City is to have a new theatre and tourist hotel.

SYD CHAPLIN SCORES GREAT HIT IN SEARCH OF THE MISSING LINK

Dominion Showing for the Week Features Popular Star
in Whirlwind Burlesque

The attraction at the Dominion this week is the laughing thriller, "The Missing Link," with Syd Chaplin as the star. Neither petticoats nor trench mud clothe Syd in his latest where he is first seen as a hungry post-master along the London docks. He takes a job as a luggage-carrier for Lord Dryden, who is on his way to Africa to hunt for the gruesome "Missing Link." Scared by a mischievous monkey he hides on the ship and Dryden makes him act the part of the Link-hunter. What ludicrous and breath-taking adventures follow among the jungle creatures can well be guessed by those who know Chaplin. There are head-hunting savages, a fiendish chimpanzee, monkeys galore, lions, and in the midst is Syd, shaken by fear, and the love of a young lady who believes him really to be, what he knows he can never be—a bold hunter of big game.

How he does finally capture "The Missing Link" and win the beautiful lady, how his stock for bravery goes up, as his heart goes down, make an amusing burlesque, which sets audiences in paroxysms of unrestrained laughter.

The cast is good and the photography and direction leave nothing to be wished. But it is Syd, the king of mirth-makers that makes "The Missing Link" what it is.

The modern woman, we are told wears ounces of clothes where she used to wear pounds. But she still pays pounds for the ounces.

AT THE CAPITOL THIS WEEK

These Movie People

Hollywood, Cal., Sept. 25.—Charles Farrell is now sporting a jeweled wrist watch inscribed "To Charles Farrell, Mayor of Cape Cod." It was presented to him while he was visiting his home town, Cape Cod, Mass., a few weeks ago.

The citizens of Cape Cod thought that as long as Beverly Hills had an actor-mayor in Will Rogers, they should have one too. So they bestowed the honor upon young Charles.

All movie producers have considerable trouble over the titles of their films—though they often have only themselves to blame. But Monty Banks thinks he is having more than his share of trouble. He has just completed an aviation film called "An Ace in the Hole." During the last week of production he learned that he couldn't use that title so he changed it to "The Flying Fool"—and then learned that another producer already had copyrighted it. Now he is calling the comedy "Flying Luck" and is just about ready to junk the whole film if he has to change the title again.

Tom Burthe was sent to Hollywood several months ago by Will Hays to write a series of fictionalized movie stories for several boys' magazines. By the time he finished them he liked the place so well that he decided to stay here. Now it looks as if he will establish a permanent address—somewhere around the village, having just sold four flying stories to Charles R. Rogers, a first National producer, for a big piece of money and he has options for four more.

Speaking of screenwriters, something should be done about this one. Joseph Jackson, who has been married less than three months, admits being the author of "On to Reno," a divorce story now being filmed by James Cruze.

The move for bigger and better movies sometimes sends directors and film story writers on queer jaunts. Not satisfied with an eternal triangle, "Underworld," a Ben Hecht thriller now in preparation introduces an eternal quadrangle—three men and a woman. It is to be a deadly affair. One of the men has to be shot and another has to be put in jail to provide the fade-out climax between the one and remaining male and the one woman.

Pola Negri recently stood for more than half an hour in a theatre lobby, unrecognized, waiting to get a seat. And the longer she waited the more complimented she felt, because the picture was her old success, "Barbed Wire."

Spectacles have played an interesting role in the lives of two of the most popular screen comedians, Harold Lloyd and Harry Langdon. Lloyd, who never wears specs, always dons his big shells for the camera. Langdon is just the opposite. He must wear glasses all the time when he isn't acting but he never wears them on the screen.

When Will Rogers takes a day off, he lets everybody know that he can't be bothered with anything—not even clothes. His main object is to be comfortable. A few days ago a battered old Ford truck drove up in front of the First National studios and a man in a faded old mountaineer's suit got out and went into the office of Ben Berk. The man was none other than Will Rogers having a day off and just wanted to be comfortable.

Now it's grapefruit that they're naming after movie stars. Alexander Hursh, an Arizona grapefruit grower, recently arrived in Hollywood with a grapefruit which he wanted Gloria Swanson to christen. Gloria did—and soon the market will be flooded with Gloria grapefruit.

OLD MASTERS
Alas how soon the hours are over
Counted us out to play the lover!
And how much narrower is the stage
Allotted us to play the sage!

But when we play the fool, how wide
The theatre expands! beside,
How long the audience sits before us!
How many prompts! What a chorus!

—Walter Savage Landor: Plays.

LOCAL TEACHER TO SING IN ITALY

Dr. Di Castri Leaving For
Rome; Students' Farewell
Recital

On Saturday evening some students of Cav. C. Di Castri presented an informal recital on the occasion of their teacher's coming visit to Italy, where the doctor will be associated with special opera work during the coming winter. He intends returning here next spring. For over nine years Di Castri has in grand opera and has a repertoire including the tenor airs of over thirty operas. He has been negotiating for some time through operatic channels and has been assured of many engagements.

His studio was decorated with flowers and lights by some of the lady students, and the programme consisted of twenty numbers. Those taking part were John Moss, basso, who with a capital voice and much talent, gave the two opening numbers, "Tosca" (Puccini); John Dunn, tenor, rendered "Song of the Soul" (Brett); "Smile Through Your Tears" (Hammerstein); very creditably, as did the tenor, John Sanders in Sanderson's "Tosca"; Ball's "Mother Machree"; Frank Smiley, basso, with buoyant and resonant voice, gave in a capital style "On the Road to Mandalay" (Spencer); "Le Cor" (Flegler). P. Ridgley has

Where To Go To-night

Capitol—"Out All Night."
Columbia—"The Missing Link."
Dominion—"The Missing Link."
Coliseum—Vaudeville.

Crystal—Garden—Swimming and
Dancing.

a true baritone voice of excellent quality and ought to be heard in the near future with much success. He sang "The You Alone" (Geehl) and "Because" (d'Hardest) James Matheson, heard lately to good advantage at local concerts, rendered Hahn's "Lullaby" and Allison's "The Lute Player," with considerable vocal understanding. He evidently is a hard worker and possesses the gift of a good voice.

Mrs. Arthur Pinkerton, with a natural contralto voice and of future promise, sang the two numbers, "Lilies of Lorraine" (Connor) and "The Old Road" (Scott); Ada Crossley, a niece of the famous Ada Crossley of the Chappell and Boosey, London concert, is a soprano also of much promise. She shows aptitude and rendered two "selected" songs most intelligently. Edith Howell is another outstanding pupil and is a contralto soprano with a place on the concert platform. She gave "My Lover is a Fisherman" (Strickland), and "Farfalla" (Gelli); Mariel Pottinger, soprano, is a distinctly clever young lady with much vocal equipment, and she expressed all she does so well that a career is assuredly hers to grasp and to achieve. Her high notes particularly are of real soprano quality, and she sings confidently and intelligently.

Consistent Quality "SALADA" TEA

Can always be relied upon. Use it.

Dr. Di Castri will leave on Saturday next for New York, where he will embark for Rome on October 8 on S. S. Roma.

**Woman Editor of
Unity Lecturing
Here This Week**

Octavia—Shanklin, unity editor and lecturer, is answering the challenging question, "Is Christianity Practical," in a course of lessons given here under the auspices of the Victoria Unity Centre, at 1119 Government Street, Chamber of Commerce Building.

These lectures began Sunday morning. Miss Shanklin has been for ten years editor-in-chief of Unity publications, which have approximately 2,000,000 readers. She comes to Victoria in the interest of a non-sectarian and non-denominational institution, the Unity School of Christianity, Kansas City, Mo.

KNABE WILLIS RENOWNED CHICKERING AMPICO

Our Own Great Victoria Pianist

GERTRUDE HUNTLY

(GERTRUDE HUNTLEY GREEN)

The Knabe PIANO

This most talented pianist is the FIRST IN CANADA TO BE ASKED TO RECORD HER PLAYING EXCLUSIVELY FOR THE "AMPICO"—which is obtainable only from us in either the KNABE, WILLIS or renowned CHICKERING PIANOS. This means that the possessor of an "Ampico" can hear her at any time.

Gertrude Huntly Prefers the KNABE Piano, and Why?

The answer is given in her own very kind words as follows—

"It has, without doubt, the most beautiful tone of any instrument I have ever played upon, and is an inspiration to me."

Yours faithfully,

(Signed) GERTRUDE HUNTLY

Before you decide upon the purchase of a new piano (with or without the "Ampico") we believe it would be of mutual benefit to see exactly what we have to offer you as to price, terms, style, size and make. We are quite willing to take your used piano, player, organ or gramophone as part payment, upon a liberal valuation.

Pirates Enter Home Stretch Still With Two-game Advantage

Pittsburgh Stand Good Chance of Winning Championship; League Closes Sunday

Won Double-header Yesterday; St. Louis Also Won Two, While Giants Draw

Three National League pennant contenders to-day entered the final stretch with a world's series representative still undetermined, but with the scales pointing slightly in favor of the Pittsburgh Pirates.

The Pirates ran win the 1927 championship by winning four of its remaining five games. By winning three out of the five while the New York Giants and the St. Louis Cardinals were taking all their games, the Pirates would be a party to a three-cornered tie for first place.

The season ends next Sunday. To-day's standing showed the Pirates two full games to the good at the top of the ladder.

New York, Sept. 26.—The pace-making Pirates increased their lead in the National League pennant race over the Giants by two-and-one-half games and held a two-game lead over the St. Louis Cardinals by taking both games of a double-header yesterday at Chicago from the Cubs by 2 to 1 and 6 to 1.

Stiller pitching by the league leaders, coupled with opportune hitting and fast fielding, was responsible for both victories.

The first game was a pitching duel between Guy Bush and Vic Aldridge, the latter allowing the Cubs only four scattered hits, one of which was a homer by Heathcote, saving Chicago from a shutout.

The Cubs were unable to solve Kremer's delivery in the second game. Peck's double, a sacrifice and Adams' single gave the Cubs their only run of the game.

ROOT FAILS TO WIN

On the other hand, Charley Root, after his twenty-seventh victory of the season, was unable to stop the slugging Pirates and he retired after the fifth inning for a pinch-hitter.

The world's champion Cardinals wrote out a double victory over the Giants, and won the St. Louis team two games behind the Pirates as before.

"Old Pete" Alexander, relieving Reinhardt in the seventh, saved the second game for the Cardinals by holding the Braves scoreless after they had crept up to one point of St. Louis.

A crowd of 32,000 saw the Giants and Brooklyn battle to a scoreless tie in seven innings at Ebbets Field, Brooklyn. The game was called because of darkness.

A TIGHT BATTLE

In a tight pitchers' battle, Jess Feltz holding the Giants to three hits while "Dutch" Henry held the Robins to two.

Philadelphia stopped over in Cincinnati long enough to win a ball game 8 to 3 from the Reds. They hammered Jimmy Beckman, hard enough to drive him from the box.

New York, Sept. 26.—Detroit closed its season in New York yesterday with a 9 to 1 victory over the Yankees. Earl Whitfield being master of the American League champions in the pinches. Blue and Traverser hit homers.

Cleveland drew close to fifth place when they defeated Chicago 10 to 1 at Cleveland. The White Sox gathered about four hits off Hudlin.

BROWNS LOSE ANOTHER

Heavy hitting of the home team, coupled with loose fielding by the Browns gave Washington its fourth straight victory over St. Louis 10 to 0. Zachary kept his former teammates' seven hits scattered.

Yesterday's results were as follows:

NATIONAL LEAGUE

Philadelphia..... 8 15 0
Cincinnati..... 3 8 2
Batteries—Dettmer and Taylor; Deberry.

FIGHT ATTENDANCE SHRINKS TO 102,450; \$500,000 IN TAXES

Washington, Sept. 26.—The number of paid admissions to the Dempsey-Tunney fight was 102,450, an all-time low for the event, which will be paid to the treasury, Mabel G. Reincke, collector of internal revenue at Chicago, has advised the treasury.

Income tax payments from the fighters, promoters and others who profited from the fight, will increase the Government's share to more than \$500,000.

Fight officials had placed the actual paid attendance at 135,000. The Government reports show a total rate of \$2,428,250, compared with \$2,653,000 as announced at Chicago.

Report That Tunney Had Even Died After Fight Causes Thrill

New York Papers Besieged With Inquiries; Flynn to Carry Protest to Board

New York, Sept. 26.—A growing aftermath of the championship fight, the rumors of accident and death to one of the principals, has sprung anew in New York over the result of the Dempsey-Tunney battle at Chicago. Newspaper offices and news services have been besieged with inquiries regarding Tunney's condition. The champion came through the fight without any serious injury, yet inquiries wanted to know if it was true that he had died from blows or had been taken to hospital.

Tunney plans to arrive in New York tomorrow morning. Plans had not been completed to-day for his reception. Last year when he arrived from Philadelphia with the title he was met by a police escort.

Chicago, Sept. 26.—Should the Illinois athletic commission persist in its refusal to reverse the referee's and judge's decision, giving last Thursday night's fight on points to Gene Tunney, a formal protest will be filed with the national boxing association. Jack Dempsey and his manager, Leo P. Flynn, said before departing for New York early this morning.

The National Boxing Commission controls boxing in eighteen states, including Illinois.

Flynn said he formally asking the Illinois commission to reverse the decision and declare Dempsey the world's heavyweight champion. If the demand is refused, the protest will be taken up with the National Boxing Commission, headquarters of which are at Baltimore.

Canadian Horseman Sees Entry Come in Second at Longchamps

Paris, Sept. 26.—Samphire, owned by C. W. Birkins, Sunday won the 2,400-metre stakes, valued at 75,000 francs, at Longchamps, by a neck. Acacalmi, owned by Sir Mortimer Davis, president of the Imperial Tobacco Company of Canada, was second by a head, with Marcel Boussard's Belcour third. There were thirteen starters.

Performs Hat Trick In Eight Minutes In English Soccer Game

Bromwell of Blackpool is Credited With Three Goals in Rapid Time

Leaders of First and Second Division Lose First Games, But Hold Top Place

London, Sept. 26.—(Canadian Press Table).—The leaders of the first two divisions of the English Soccer League lost their unbeaten certificates, on Saturday, but retained their hold on the leagues on goal averages. Newcastle United's downfall came at Cardiff, where the cupholders defeated the league champions before 30,000 fans. The score was 3 goals to 1.

The intra-borough rivals, Sheffield United and the Wednesday, fought out a stirring battle at Bramall Lane before a throng of 50,000 evenly-divided with respect to support. The game ended in a division of points, each side scoring one goal.

Aston Villa blanked Bury at Villa Park, York's goal in the opening half the deciding factor.

WHITEWASHED

Old Trafford saw a sterling victory marked up for the home club, Manchester United, when they whitewashed Tottenham Hotspur by three goals. Hanson was the outstanding player, finding the net on two occasions.

Portsmouth resumed their winning ways against Leicester City when they made it 2-1 on their own ground. The game was a tie at the interval, but in the second period Leicester were unlucky and had to play without the services of Duncan, who was injured badly.

Huddersfield Town ran into a division of the points at Everton when the league closed at two goals all.

The Metropolitan teams did badly on Saturday, only one victory coming London-way in the first string. Both the Spurs and Arsenal were defeated, the latter at Derby, where the county ran up four goals against them.

BIG CROWD AT BRIDGE

Forty-five thousand spectators gathered at Stamford Bridge to see Chelsea played to a draw by a West Bromwich Albion.

The Blackpool-Bristol City game was productive of prolific scoring, with Blackpool securing six counters to a couple by Bristol. The home team was leading by nine scored in the course of the game, while the latter yielded but one goal in the last half.

The game at Nottingham, where Notts Forest played Manchester City, was also featured by a deluge of goals, three being scored in the course of the play, Manchester secured the verdict by the odd counter.

Bowlers Dominate Exhibition Match For Cricket Finale

Dublin, Sept. 26.—Before a crowd of 30,000 spectators Sunday, Kildare Kerry, holders of the championship by five points to three in the all-Ireland Gaelic football match.

COAST LEAGUE

First game—R. H. E.
Oakland..... 6 10 0
Seattle..... 4 12 2
Batteries: Krause and Reed; House, Graham and Schmidt.

Batteries: Ludolph and Whitney; Keating and Severid.

GOLF QUEEN OF THE UNITED STATES

MRS. MIRIAM BURNS HORN

Garden City, N.Y., Sept. 26.—Mrs. Miriam Burns Horn of Kansas City, Saturday pulled a deadly accurate maul from her bag to win the national women's golf championship, defeating Miss Maureen O'Neill of Haworth, N.J. five up and four to play, over the final stretch of thirty-six holes.

Miss O'Neill was much the longer from the tee and had a very slight edge in the putting, but Mrs. Horn was able to place her approaches much closer to the cup. The Missourian also had a less intimate acquaintance with traps.

Mrs. Horn, the new champion, took full advantage of the first real chance to win the title. She had never before progressed to the finals although she won the western women's championship in 1923 and was runner-up the next year. Miss O'Neill too, was a national finalist for the first time, but holds the metropolitan women's championship for two years.

Two Canadians, Miss Ada MacKenzie of Toronto, the champion, and Mrs. Alexia Striding Fraser of Ottawa, made gallant efforts to win the championship, but both were beaten in the semi-finals. Miss MacKenzie won the medal honors.

Lockhart Breaks Over One Hundred Dirt Track Marks

Cleveland, Ohio, Sept. 25.—Frank Lockhart of Dayton, Ohio, broke more than 100 AAA dirt track speed records when he won the 100-mile auto racing classic at North Randall yesterday. Lockhart averaged 80.826 miles per hour, 14 minutes and 14.4 seconds. He shattered all of De Palma's old marks from one mile to twenty-five miles and all of Tommy Milton's records between the fifty and 100 miles distance.

LAWN BOWLING

The rink championship for the season was won by Harry Renwick's four, who defeated MacNeill's rink by nine points at the Victoria Lawn Bowling Club on Saturday.

The draw for the opening matches in the Victoria and District Wednesday Football League will be made to-night at a meeting to be held in the Tillicum Club. Entries will close this evening and it is expected that last year's four clubs, namely, Rennie & Taylors, Tillicum, Hudson's Bay and Navy will compete this season.

Victoria City, Wests And Thistles Winners Of Football Matches

Defeat of Esquimalt Makes it Apparent They Will Not Dominate League This Year

Five C's, New Entry, Put Up Good Fight Against Thistles; Wests Easy Victors

Victoria City, Sunday Thistles and the Victoria Wests were the winners of the opening football matches in the First Division on Saturday afternoon. The City downed their old rivals, Esquimalt, by 2-1 at the Royal Athletic Park, while the Saanich Thistles accounted for the Five C's at Beacon Hill 3-1. At Work Point the Wests had no trouble defeating the 16th Canadian Scottish, the final score being 5-0.

Victoria City, by their victory over the dockers, last year's champions, proved that Esquimalt will not dominate the First Division as in recent years. This season the fans are assured of a keen fight for first place, and as a result, plenty of good soccer should be seen. For the past two or three years Esquimalt have had things pretty much their own way, but now it appears as if they will be in for the fight of their lives.

Both the City and Esquimalt played a fair brand of soccer for the opening game, but each team missed many opportunities to score. From the kick-off Esquimalt carried the ball into the City's half, and several chances were missed, but Campbell cleared. The City kept the ball in centre field for the next five minutes, until their eleventh man, Bob Preston, arrived.

CITY SCORES

The game had only been in progress ten minutes when the City tallied. Under pressure, De Gooch hit the ball back, conceded a corner. Herb Cummins dropped in a perfect center, and Bissell headed the ball into the net.

One goal down the Dockers took up the attack, and when Glancy, left back for the City, failed to clear he lost the ball to Stewart, who passed to Wagland on the opposite wing and Mike drove a hot shot past Rodgers for the tying counter.

Shortly after John Watt had an open goal at his mercy but drove the ball over the bar. The city came close to scoring when Herb Cummins, at outside right, carried the ball along the wing and, after working his way in, drove a bullet shot at the goal. The ball hit the upright and bounced back into play. Half-time found the teams locked in a one-all tie.

MISSING PENALTY

Esquimalt passed up a fine chance to take the lead just after the start of the second half. After Glancy handled the ball in the penalty area John Watt failed to score on the free kick.

In this half Rodgers, in goal for the city, was lucky on two occasions, when he came out for the ball and let it slip through his hands, but his full-backs were able to clear. Burnett, Esquimalt's centre forward, came close to scoring when he hit the cross-bar.

Bissell, the City's youthful centre forward, scored the winning goal from close range after a pretty play. Bob Preston worked the ball down the field from centre and then passed over to Cummins, who in turn relayed it to Bissell.

A few minutes after this goal was scored Kelman, the City's right right, was sent off the field for talking back to Referee Swan.

The teams were as follows:

Victoria City: Rodgers; Campbell and Glancy; George Preston, Bob Preston and Bowman; Cummings, Archie Campbell, Kelman, Bissell and Belford.

Esquimalt—Bridges; Joe Watt and De Costa; Hosmer, Mesher and Smith; Stewart, John Watt, Burnett, Plump and Wagland.

Playing their first game in senior football the Five C's put up a great fight against the Saanich Thistles at Beacon Hill. With two young teams playing a fast pace was set, but the greater experience of the Thistles brought them through.

BURNS OFFENS SCORING

"Barney" Burns, the Thistles' centre forward, opened the scoring when he worked his way through the opposing defence to beat McDonald with a shot to the corner of the net. The Thistles continued to keep the ball in their opponents' goal area and during a scintillating game the Five C's goal mouth the ball was bundled between the posts.

GOAL DISALLOWED

The Five C's scored shortly after, but the goal was disallowed by the referee. The Five C's only legitimate goal came a few minutes after the start of the second half, when Eden Quinton beat Hetherington with a tricky shot.

The Thistles netted their third and final counter when Burns beat McDonald with a high shot.

Oliver refereed, and the teams were as follows:

Saanich Thistles—Hetherington; Harper and Price; Miller, Joe Burns and Jim Crowe; Essler, Minnis, Crowe and Swigg.

PASTOR WINS BET AND SODA FOUNTAIN MAN GOES TO KIRK

New Britain, Conn., Sept. 26.—At least one regular church attendance has been made as a result of Gene Tunney's victory over Jack Dempsey.

Rev. Samuel Sutcliffe, pastor of St. Mark's Episcopal Church here, expected the marine to win, and was willing to back his expectation with money. Harry News, proprietor of a refreshment parlor, expected Dempsey to win and had the time to back his opinions. So an agreement was reached.

If Dempsey won, the minister was to spend at least five cents each day for 265 days in the refreshment parlor, while if Tunney won, News was to attend Mr. Sutcliffe's church each Sunday for fifty-two weeks.

News started paying off yesterday morning.

Uplands Golf Team Doubles Score On Mainland Visitors

Point Grey Team Badly Beaten In Return Match; Locals Star in Singles

In the inter-city team match yesterday between the Uplands Golf Club and the Point Grey Golf Club of Vancouver, the former doubled the score on their opponents. In the singles played in the morning Victoria gained a very commanding lead, scoring 62 points to Point Grey's 28½. A surprise in connection with the singles was the fact that out of thirty-five matches the locals only failed to gain part or all the points in five.

In the four-ball matches Vancouver played better and held the locals closer, the final count being Uplands 28, Point Grey 17.

This gave Uplands a grand total for the day of 90 points, while Point Grey gained but 45.

The results were as follows with the Point Grey players named first in each case:

SINGLES

J. R. Borland 0, R. Morrison 3.
W. Waddle 1½, F. Edmonds 2½.

JUNIOR FOOTBALL LEAGUE EXPECTS TO OPEN ON SATURDAY

A meeting of the Junior Football Association will be held to-night in the Y.M.C.A. hall.

At the last meeting entries were received from Esquimalt, Y.M.C.A., Saanich, Bapco and James Island, but the closing of entries was left over in the hope that some other junior organization would enter. There is no age limit in junior circles, so any team not good enough for the seniors is asked to send in an entry. The league expects to start playing on Saturday next.

that used to uphold their colors so well in the past, and six youngsters were their debut with the Greenhirts.

The goals were scored by the following: Godwin (2), Mulcahy (2), Brown (1), Robinson (1), Collins (2).

The teams lined up as follows:

Sixteenth Scottish—Strath, Dyer, Grant, Harrison, Harwood, Harris, Wilkin, Stuart, Carter, Clarkson and Jackson.

Wests—Geddes, Dunn and Allan, Passmore, Godwin and Popham, Sherard, Collins, Robinson, Brown and Mulcahy.

Juvenile Lacrosse Title of Province Won By Local Boys

Oaklands School Team Defeats Maple Leafs of Vancouver by 10-7 in Series

Vancouver, Sept. 25.—Holding Vancouver Maple Leafs to a three-all draw in a fast game that kept the spectators thrilled Saturday afternoon, the Oaklands School team carried off the O. B. Allan Cup and the B.C. Juvenile Lacrosse championship by virtue of a three-goal lead obtained in the first meeting of these teams at Victoria. Oaklands won the first game of the final series, which was to be decided by total goals, 7-4.

The Capital City twelve played working together splendidly, and had eighty per cent. of the play. Borda, Victoria, scored on a shot from a scrimmage after twelve minutes had gone.

It Smith scored for the Maple Leafs in the second quarter. In the third, Smith took a pass from Wood, who had a free shot, and scored a tricky goal. Crookall weaved his way through the Victoria defence a few minutes later to score a third goal for the locals.

Vancouver had little time to rejoice before Williams scored for Victoria, and then shortly before the close of the quarter sagged the net once more to put the Islanders three up. There was no score in the last quarter.

Only two penalties were handed out by Referee Joe McMillan, Williams, of Victoria, drawing both for minor offences. Wood, the Vancouver goalie, played a wonderful game, making several phenomenal saves.

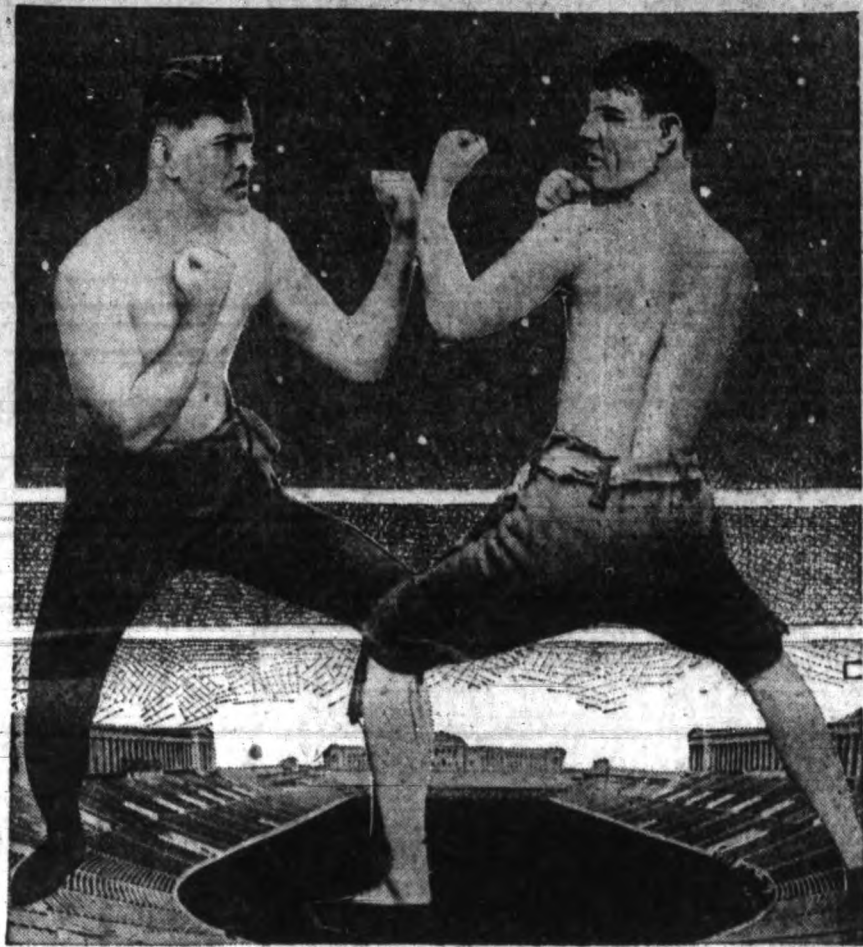

Victoria—Bridgwood, Cockin, Chapman, Merriman, Borda, Smith, Duckworth, Miller, Chapman, Williams, McKenzie, Johnston, Armstrong, Viggers, Fertington and McMillan.

Vancouver—Nicol, Scott, Carnell, Conklin, L. Lemon, Cruikshank, Hudson, Macartney, Crookall, Burritt, McLennan, Smith, Woods, Piesrot and C. Lemon.

HITCHCOCK'S TEAM WON

Westbury, N.Y., Sept. 25.—The hard-riding Sand Point four, boasting Thomas Hitchcock Jr. as its star at No. 2, defeated the United States army polo entrant in the open championship series yesterday, 13 goals to 10.

SUPPOSING IT WAS YE OLDEN DAYS

Just suppose! Suppose it was twenty or thirty or forty years ago—Gena and Jack would have squared off like this in their fight at Chicago on Thursday! Can you picture the handsome Tunney and the slashing Dempsey facing each other with such crouches? Can you imagine them fighting out under the stars in an isolated spot before only a few hundred people for only a few hundred dollars—such crowds that witnessed great fights in the past and money that was paid as great, if not greater fighters, than they are? No, no one can! Nearly a three million dollar gate, a crowd of 150,000, the stars, yes, but at Soldiers' Field—but none of the queer crouch shown here, was seen in the fight on Thursday.

the ball was probably the efficient cause of making Max champion.

KIRKWOOD ENERGETIC

Joe Kirkwood at St. Andrews in 1921 lost a good chance at the British open through a similar mishap. As Joe drove from the second tee in the last round, a marshal bellowed at someone who was moving down the course. Joe, of course, jumped, and his drive, struck off-line, hit a man not ten yards away full in the head. The ball bounded back of the tee and Joe took six for the hole. But far worse, the spectator was dangerously hurt and had to be carried at once to a hospital. Joe was completely unnerved and could never get going again.

These accidents are of common occurrence and there appears no feasible way to eliminate them except an increased vigilance on the part of gallery stewards. But the lines of spectators behind and at the side of the green can be improved. A line should never be allowed to form inside the guarding bunker nor close to the back edge of the putting surface; but if the line must be made there everyone should be required to remain standing in order to move quickly out of the way.

(Copyright, 1927, by the Bell Syndicate Inc.)

Walker in Wreck

Newark, N.J., Sept. 25.—Mickey Walker, middleweight boxing champion, narrowly escaped injury in an automobile crash near Middletown, in which two women were hurt Sunday. The front part of the champion's car was wrecked.

Sidney School Once Again Shows Way to Others in Sports

The pupils of the Sidney School retained the David Spencer Challenge Cup, emblematic of athletic supremacy in the Saanich School sports, which were held last week. Since they have won this cup for three successive years, it now becomes the property of the school.

Besides this larger trophy, the Sidney School children won the smaller David Spencer cup, which they have retained since 1922, when it was first donated, and the Butchart cup, given by the Rotary Club for the most successful seed grower in the Saanich schools. This trophy was captured by Fred Musclove in 1926.

The principal, A. Ramsay, is justly proud of his pupils.

Vincent Richards Wins Pro Net Title

New York, Feb. 26.—Vincent Richards is in possession of the first professional singles tennis championship of the United States. He knew it. The former Davis cup player yesterday defeated Howard Kinsey of California, 11-4, 6-4, 6-3, to gain a first leg on the Longvue trophy offered to the winner by S. A. Gushay, and to take off \$1,000 prize money.

Davis Cup Held Up

Paris, Sept. 25.—The Davis cup, premier trophy of tennis, is in the Havre customs house, the Paris newspapers assert. When Henri Cochet, one of the French winning team, was about to start for Paris with the trophy, a customs officer intervened. He declared the cup could not be cleared unless customs dues of 42,000 francs, its value, was paid, or an application for its temporary admission was submitted and granted.

J. Capablanca Again Draws With Alekhine

Buenos Ayres, Sept. 25.—The fourth game of the world's chess championship match between Jose R. Capablanca, the titleholder, and Alexander Alekhine, Russian challenger, ended in a draw Saturday night after forty-nine moves. Each man has now won one game and two games were drawn.

WON EUROPEAN TITLE

Liege, Belgium, Sept. 25.—Emile Fladner, flyweight champion of France, boxed a draw Saturday night with Petit Biquet, Belgian titleholder. The bout was billed for the flyweight championship of Europe.

Toronto, Sept. 25.—The forward pass in Canadian rugby will be used probably for the first time next Saturday when Balmy Beach and McGill meet here. It will not be exactly the same

pass which features the American game, but an adaptation to the Canadian game suggested by Shaughnessy, McGill coach.

Bobby Jones On Golf

HANDLING OF GALLERIES

Recently I read a line or two about the turn which a pebble or a blade of grass could give to a golf match. But pebbles and grass are on every golf course and are as much a part of every game as the hole itself. Every golfer is familiar with these friends or enemies, as they may be, and has learned to accept more or less philosophically the breaks occasioned thereby. But every golfer does not have the opportunity to play before a large crowd of spectators and is not so familiar with new elements introduced into the game by the presence of these people.

In days gone by—twenty-five years ago—a gallery of two thousand was considered remarkable even at St. Andrews. Now at Prestwick and St. Andrews the crowds on championship days number upwards of twelve and fifteen thousand people. Twelve thousand watched Olmsted and Evans at Englewood in 1920, and assemblies nearly as large have been present at every American championship since that time.

SPECTATORS OFTEN HIT BY BALL

These enormous crowds surging around in the wake of players and dashing ahead to vantage points around the green are bound to be important factors in the play. And they are factors not because they may worry or disconcert a nervous contestant. Learning to play before a large gallery is as much a part of a contestant's education as the mastering of his clubs. But spectators make the worst kind of hazards because they will not keep still.

At Minikahda, in the last amateur championship, the spectators were permitted to line themselves three or four deep behind the greens, the first row sitting, the second kneeling and the others standing. Of course, it was an absolute impossibility for them to avoid a ball which might come bounding toward them headed for trouble beyond; and more than once a shot actually bad, was stopped upon the putting surface by some earnest but misguided onlooker.

At the ninth hole one day early in the tournament a group of ladies occupied comfortable chairs at the back edge of the green, and merrily chatted of the more important affairs of life, such as bridge, teas and soirees, while perplexing contestants were struggling with six-foot shots on the keen sloping green.

Such a thing obviously should not be permitted; and Minikahda galleries were better handled than those encountered elsewhere. Even at Oakmont, where three national championships have been played and where marshals and spectators should know better, I saw Armour's ball in the play-off with Cooper strike a lady who was sitting back of the tenth green, when it would without doubt have gone into the bushes beyond.

SOME BREAKERS IN THE GAME

The great trouble is that the average spectator has too great a confidence in the infallibility of the player. He leaves a small lane for a full drive to pass through, and he crowds to the very edge of a green which itself offers a small target for an iron shot. And the fault is not entirely with the spectators; for ninety-nine out of every hundred of them are anxious to keep out of the way if they only are told what to do.

Everyone remembers well how Max Johnston beat Francis Ouimet at Brookmoor the year Max won the championship—a spectator stopped his ball on the thirteenth green and he holed a long putt to win a hole he must otherwise have lost. That hole won the match, so the spectator who stopped

Make your bedroom restful with a CHATEAU BED

—restful to the eye with its graceful lines and delicately turned spindles. Restful to your body with its freedom from squeaks and rattles. Every feature of beauty in design and coloring that you would expect in fine walnut mahogany is faithfully reproduced in this newest Graceline Bed. And with it comes the three-fold advantage of all-steel construction—solid

—silent—sanitary. For rooms cannot open up the joints. Dampness cannot make it swell or warp. The CHATEAU BED is proof against climatic changes. Distinctive for its shaped one-piece spindles—an exclusive Simmons feature. In finishes to match the finest furniture—natural wood grains or color enamels—as attractive as a bed can be.

OUR SERIAL STORY

"The Wife & Co."

By LYLE HAMILTON

"Shut up!" Mrs. Potter thrust her chair away from the table. "I'll tell you now, I wouldn't marry you if you were the last man alive!"

Brownell gasped and went limp. Mrs. Potter took his cigarette from his lips, smiled serenely at Brownell, then at Molly and then at the angry lady across from him. "I hadn't heard," said he, "that the subject was under discussion."

"What do you suppose I'm here for?" snapped Mrs. Potter. She arose, went to the front room, secured her hat and coat, and returned to stand in the doorway. "I wanted to look you over to see if you'd do. But you won't. You're too conceited." She drew her hat over her hair with a jerk. "I won't have a man that laughs at me."

She retreated again, and this time she did not return. Molly was badly shaken, and began to stammer apologies. "We hadn't the least idea she'd not like that," she said. "I'm sorry, Mr. Frasier, and Bob too."

"She cuts up like a lunatic," Brownell said. Their remaining guest laughed. "Don't worry. I'm glad I met her. Matter of fact, she's one of the most interesting persons I've seen in a long time."

Molly brought in the pie she had purchased, and while they ate, they discussed the problem of little Sweden's husband, with an occasional uneasy reference to Mrs. Potter.

As Mr. Frasier left, later in the evening, he turned long enough to say: "Do you know, I'd have taken Mrs. Potter at her word and sent her to Somerville, except for this—she speaks too freely." The Brownells nodded. "She'd have told everybody in town why she was there and what she was going to do. But she's a good soul, at that."

He bade them goodnight, and they waited until they could hear him start down the stairs. Then Molly threw up her arms.

"Did you ever see such a scene in your life?" Mrs. Potter simply fussed me to death!"

Her husband chuckled. "It was funny, though. I'll bet she's the first person he ever met who stamped him the way he stamps other people."

"It serves him right! I wish he'd sent us to Somerville."

"Don't want to be a detective," Brownell said. "And I wouldn't know what to do with Sweden's husband if I found him."

They began to prepare for bed. "Was my meal all right?" Molly asked. "Great," said he. "You're going to be a bully cook, Mollykins."

In view of this praise, she didn't see fit to tell him that she had bought the food ready-prepared. Instead, she thanked him, with a pat on the cheek, and said she'd try to improve in her cooking steadily.

Next morning, after Bob had gone, Molly counted up her finances. The payment on the engagement ring had been met, and the bills for food had been paid in cash. The rent had come in advance, from Dr. Brownell's fund. They had been to the movies, had eaten at a restaurant, and Bob had invested in gasoline before Mr. Frasier's scrip books appeared.

Household funds were down to two dollars. While Molly tried to remember where the rest of the money had gone, the telephone rang, and she went to answer it. The employment office was on the line.

CHAPTER XXXVIII

"I have a half-day situation for you," said the woman at the employment office, over the wire. "You said you wanted one. It's forty dollars a month. Hours one to five. Address—" she paused, evidently to consult her notes—"address is 1315 Broadway."

WATER GOLF

THIS IS A HARD ONE

If you don't think it hard to change BLACK to WHITE, just fall into this one. There's a strong breeze to-day and par happens to be eight strokes.

BLACK WHITE

THE RULES

1—The idea of letter golf is to change one word to another and do it in par, a given number of strokes. This to change cow to hen, in three strokes now, how, how, hen.

2—You can change only one letter at a time.

3—You must have a complete word, of common usage, for each jump. Slang words and abbreviations don't count.

4—The order of letters cannot be changed.

The solution is printed on page 17.

though. It helps me to write, somehow—the stuff that comes over it is so foolish, don't you think?"

Just how the foolishness of the radio selections helped her to write was not clear, and Molly did not ask. "There's no money in music teaching," continued Mrs. Buck. "Sometimes I wish I had a place in one of the orchestras. Still, if he did he couldn't take me places in the evenings."

"What would my work be?" Molly inquired. "Mostly copying manuscript," said

the author. "I never learned to write on the typewriter. I can find the right keys, but I can't think of anything to say unless I'm working with a pen. I've been sending my stuff out to get it typed, but it costs so much! They charge me sixty or seventy dollars for copying a full-length novel. Can you imagine that?"

Molly did a brief calculation in her head. "I can copy about four thousand words in an afternoon," she said. "Five days a week, four weeks—that's eighty thousand words a month."

"How wonderful! None of my novels run that long—and only forty dollars instead of seventy," Mrs. Buck was pleased. "But why do you count only five days a week?"

"I always get Saturday afternoons off," Molly said. "But that was when you were working all day! When you're working only half a day, I shouldn't think you'd want to omit an entire afternoon—especially when you're getting full pay for it!"

"I'm not getting full pay," Molly re-

plied. "I get twenty-five dollars a week where I worked before. That's nearly a hundred and ten dollars a month."

"Very well—very well," said Mrs. Buck, hastily. "I wasn't trying to haggle. Come to think of it, I'm hardly ever home on Saturdays, anyway. And you're such a dear pretty girl I'd be glad to have you here if it was only four days a week."

At this gracious sentence, Molly's face cleared. "What shall I start?" Mrs. Buck thought a moment. "Sup-

pose you start Monday. I'll have to start saving to pay your salary—it's terrible, isn't it, making ends meet?"

"Indeed it is! I counted up this morning and I've got only two dollars left out of my husband's salary! He gets paid every Saturday."

"You poor child! I've got four dollars," Mrs. Buck stood with a finger to her lip, in thought. "Listen—forty dollars a month is about two dollars a day, isn't it? Suppose you write for me just this afternoon, and I'll give you two dollars! Then'll you'll have

four and I'll have two! But I've got a cheque coming in."

"It's awfully kind of you, Mrs. Buck. But—" Molly counted on her fingers, her lips moving. "But forty dollars a month, five days a week, is about one dollar and eighty cents, figuring twenty-two days to a month."

"That's wonderful!" said her new employer, anxiously. "I wish I was good at figures. Well, get your things off and I'll bring some manuscript."

Figuring the Economic Losses From Industrial Accidents

BY DR. MORRIS FISHER
Editor Journal of the American Medical Association and of Hygiene, the Health Magazine

In a volume issued under the auspices of the American Institute of Economics, established by the Carnegie Corporation, Robert Morse Woodbury considers some of the important factors with relation to accidents among workmen as well as to the matter of workers' health.

The total working time lost annually on account of occupational accidents is estimated at 247,000,000 working days. The annual total wage loss from such accidents, assuming an average wage of \$4 per day, is estimated roughly at \$988,000,000. The time lost and wages lost because of ill health among 30,000,000 industrial workers is approximately 210,000,000 working days or the equivalent of 700,000 working years. Assuming wages to average \$4 per day, the wage loss from sickness causing absence from work is estimated at \$840,000,000. At an average of \$1

We expected it would take longer for our New Department of Optometry to introduce itself. The number who have already come in to have their eyes examined has surprised and gratified us.

ENGAGES FIVE COPS

New York, Sept. 24.—Five policemen were called to-night to arrest a woman who said she was Mrs. Loretta Carlier, twenty-nine, motion picture actress, member of the Hollywood Club and an attorney in Los Angeles. Police said she was driving an automobile in Brooklyn while under the influence of liquor. In addition, she was charged

with operating an automobile without a driver's licence, without a registration certificate and with assaulting two policemen.

Her husband, Alfred Carlier, who said he was a buyer for a New York textile house, also was arrested and charged with disorderly conduct.

DOCTOR ENDS LIFE

Panama, Sept. 26.—Dr. Richard Ernest McConnell, who recently arrived from South America for treatment for malaria at the Isthmian Hospital, committed suicide to-day by jumping from the third floor of the Samaritan Hospital in Colon.

Attendants were at a loss to explain his act, as he was convalescing favorably and seemed in good spirits. The only explanation physicians could offer was temporary insanity, which is said to be a not unusual manifestation in malaria cases.

A Simple Treatment for Those Who Suffer—and It's Effective!

Hundreds of people in Victoria have told us of the relief they have obtained by the use of this simple, natural remedy. Many have been so impressed with the health-giving qualities of this magnetic belt discovery that they have not hesitated to write testimonials giving their experience. The following is an example:

1124 Oxford Street, Victoria, B.C. Sept. 20, 1927.

Dear Sir:

I wish to add my testimony to the benefits of the I-on-a-co Belt. I have been suffering intense pain with rheumatism for more than six months and was advised to use the I-on-a-co Belt, and must say the result is wonderful.

I suffer no more pain and I feel more fit than I have done for a long time.

The I-on-a-co Belt is the simplest and easiest way to recover health which I have seen. I recommend this belt to anyone who is in need of relief.

Yours truly,

H. BOGART.

CANADIAN CLUB TO HEAR BOURASSA AT DINNER OCTOBER 14

Distinguished French-Canadian Leader to Visit City on Western Tour

Henri Bourassa, M.P. for Labelle and one of Canada's outstanding political figures, will speak to the Victoria Canadian Club on Friday, October 14. Under arrangements announced to-day, he will address a dinner meeting of the club in the Empress Hotel at 6:30 p.m.

Mr. Bourassa is about to start on tour which will take him to many parts of Western Canada and his engagements include speeches in several cities. He will arrive in Vancouver on October 11 for a brief visit to the Coast.

The subject of Mr. Bourassa's Victoria address will be "Imperial and National Problems." Announcement that he would speak here was received with keen interest by Canadian Club members as the French-Canadian leader is recognized as one of the most outstanding orators in the Dominion Parliament. He has been journalist, lawyer, lecturer and member of the Quebec Legislature and the House of Commons. During his long career in politics his name has seldom been out of the public eye.

Besides speaking here he will address the Canadian Problems Club in Vancouver on October 12, when he will speak on "Some Domestic Problems."

The Native Sons of Canada and the Canadian Daughters' League will tender him a banquet in Vancouver on October 17, when the subject of his address will be "Canada: Imperial and International Relations."

CITY TORIES WILL CHOOSE OFFICERS

Annual Meeting of Central Organization Called For October 6

The annual meeting of the Victoria Conservative Association will be held on Saturday, October 6. It will be held in the Campbell Building headquarters of the association.

Officers for the coming year will be elected at this gathering.

Nominations for all offices must be filed by Friday, September 30, under the new constitution of the association. Besides officers of the city organization the meeting will choose delegates to the British Columbia Conservative Association.

While officers are being elected Conservative leaders will discuss the annual meeting.

Langford

Langford, Sept. 26.—The lovely afternoon on Saturday tempted many players to the Langford Lawn Tennis Club and excellent games were enjoyed. Mrs. Leonard T. Wilkinson and Miss Jane Souter were the tea hostesses.

Mrs. George Savory and son John from Victoria have been spending a few days in Langford.

Miss Earle of Victoria is the guest of Mrs. J. Hasenratz of Deer Lodge, Langford Lake.

A card party will be held at 8 o'clock on Wednesday evening under the auspices of the members of the social committee of the Women's Institute.

A jolly time was spent by twenty children on Friday evening at Langford Lakeside when a corn roast was greatly enjoyed, also boating and games. A huge bonfire on the beach was the chief centre of attraction. Cocoa was supplied by Mrs. H. C. Cocco, corn by Mrs. H. A. Hincks and cake by the children. Hearty cheers were given by the young visitors to their hostesses on leaving. The children present were: Cecily and Pamela Bennett, Betty and Margaret Smedley, Elizabeth Welch, Stella and Eileen Hincks, Glenys Smedley, Howard Smedley, Henry Bennett, Keith and Campbell Brown, Kenneth Hincks, Dean Johnston, Ronald McCormick, Rodney Bayles, Ewald and Claude Hincks, Norton Welch, and Jack Williamson.

Mr. Richards of the East Saanich Road has moved his goat ranch to Adkins Road, having bought the property of H. A. Lamy.

Sidney

Sidney, Sept. 26.—Mrs. C. Ward and Mrs. H. H. France were joint hostesses to an afternoon tea and miscellaneous shower given recently in honor of Miss Anah Jackson, popular bride-elect whose marriage will take place on October 6. The home of Mrs. Ward was beautifully decorated in white and hellebore. Master Ronald France entered the room dressed in bakers' garb, wheeling a car specially designed for the occasion in pink and white. The car was well laden with packages representing brand which Ronald was selling to the guests, finally delivering his cargo at the table at which Miss Jackson was seated. Very much to the surprise, on opening the packages Miss Jackson found each one to contain a lovely gift from the guests. In a few words Miss Jackson thanked them for their kind remembrance. A delightful tea was served by the hostesses. The guests were Miss Anah Jackson, Mrs. W. F. Hurd, Mrs. R. Douglas, Mrs. W. A. Woodcock, Mrs. J. Jackson, Mrs. W. Coward, Mrs. I. J. Conway, Mrs. E. Wilson, Mrs. P. Bowcott, Mrs. J. Ormand, Mrs. A. Daniels, Mrs. H. H. France, Mrs. C. Ward and Miss Helen Bowcott.

A Harvey has purchased the residence and property owned by Mrs. Mary A. Wilson, corner of Henry Avenue and 56th Street.

Mr. and Mrs. Tryvonen of Calgary, Alta. arrived last week and have taken the residence of Mr. Weston at All Day.

The McDonald File Driving Company spent a few days last week repairing the government wharf at the foot of Beacon Avenue. The work was done under the supervision of Mr. McDonald.

UNUSUAL SNOWFALL NORTH OF ENGLAND

Rainfall in Lancashire Heaviest in Forty Years

London, Sept. 26 (Canadian Press Cable)—Snow to the depth of two inches has fallen in the North of England, and as there has been an abnormal drop in the temperature along with the unusual snowfall, the shepherds in the Westernland Hills predict an unusually severe winter.

The rainfall in Lancashire last week exceeded anything of the kind experienced in that country in the last forty years. The potato crops in West Lancashire already had been damaged considerably by the unusual rains this season and further damage was inflicted by the heavy rains last week. A stilt district supplies practically the whole northern industrial area with potatoes, there are fears that there may be a serious shortage in consequence of the bad weather.

STREET CARS LOST IN OTTAWA FIRE

Damage Estimated at \$200,000 in Car Barn Blaze

Firemen Fight Hard to Prevent Spread of Flames

Ottawa, Sept. 26.—Fire Sunday night destroyed a wing of the Ottawa Electric Street Railway barn in the Rockcliffe section, and twenty-five trolley cars, with an estimated loss of \$200,000. Early investigation pointed to the blaze having originated from defective wiring.

Two other wings of the main barn were saved. The structure is within a stone's throw of Rideau Hall, official residence of the Governor-General, but for an opposite wind, the buildings of His Excellency would have been endangered by sparks thrown up by the blaze.

Firemen had a strenuous task in keeping the flames from catching on to the thick bush which stretches for miles at the rear of the barn and forms Rockcliffe Park, a scenic beauty spot of the capital.

Breaking out near the front door of the building, the conflagration soon assumed uncontrollable proportions and swept through the entire wing, rapidly reducing it to ashes.

The entire loss is covered by insurance.

STUCK BY AUTO

Vancouver, Sept. 26.—A broken arm, head injuries and possible internal injuries were sustained by Fred Ita, Water Street, when struck down on Hastings Street East by an automobile driven by R. V. Rees, Woodward's Landing. Rees was charged with driving to the common danger by police.

Winners announced in U.S. Air Derby

St. Paul Flyer Wins Chief of New York-Spokane Races

Spokane, Wash., Sept. 26.—W. C. Holman, St. Paul, was officially declared winner of the New York-to-Spokane Class "A" cross-country derby, and C. W. Meyers, Detroit, pronounced victor of the class "B" derby for smaller planes, when the final figures for the two flights were announced last night by the National Air Derby Association.

Holman, who was the first to arrive at the finish of the class "A" race last Wednesday afternoon, won the \$10,000 first prize. His elapsed time was 19:43:47.

E. E. Ballough, Chicago, was second.

PREMIER MACLEAN ARRIVES AT NELSON

Nelson By-election 'Sometime Before 1929,' He Says

Nelson, Sept. 26.—Premier MacLean arrived in Nelson last night from the Crow's Nest Pass, where in the last three nights he has addressed public meetings at Fernie, Cranbrook and Kimberley. He is due to speak here to-night.

Asked when the Nelson by-election might be expected, the Premier said he would make the same frank statement that he made to a group of political friends and opponents in Vancouver who asked him when the New Westminster by-election was coming.

"I told them," remarked the Premier, with a broad smile, "that I would tell them as close as I could and that it would be sometime before 1929."

Of his present tour the Premier said: "What I am really doing is three things: First, I am getting in touch with officials of the Liberal Party; secondly, I am finding out what the results of our policies and legislation have been and how they are working out; thirdly, I am getting first-hand information from the people as to what they consider the requirements."

At Kimberley Saturday the Premier made an inspection of the Sullivan Mine.

DR. CLAY ADDRESSES LANCASTER MEETING

No Mere Majority Could Blot Out Presbyterian Church, He Says

Cornwall, Ont., Sept. 26.—The 140th anniversary of the founding of Presbyterianism in the county of Gengary and the 150th of the organization of Lancaster congregation was observed in St. Andrew's Presbyterian Church at Lancaster Friday, when the congregation was honored by the presence of the Rev. W. Leslie Clay, of Victoria, B.C., Moderator of the General Assembly of the church. The historic stone church was crowded to both the auditorium and gallery at both services.

Rev. Dr. Clay told the congregation he brought tidings to Lancaster from the entire Presbyterian Church in Canada. "The thought in his mind was 'what could possess the minds of honored, intelligent, leading men in the church that they ever thought that by a mere majority they could blot out the Presbyterian Church in Canada. You are not of that type, you are

others are not of that stock or spirit that bows to worship with a majority for a position," said Dr. Clay. The moderator went on to say that they were told they would not have fifty congregations, but he was pleased to state there were over 1,200. Since 1926 there had been a great programme of church building. The crying need of the church was men. He asked his hearers to be true to their church and prepare their boys for the Christian ministry.

ESCAPE WITH \$5,000

Los Angeles, Sept. 26.—Two men held up three officials of the Los Angeles Water and Power Bureau just after the

others are not of that stock or spirit that bows to worship with a majority for a position," said Dr. Clay. The moderator went on to say that they were told they would not have fifty congregations, but he was pleased to state there were over 1,200.
